**Project Description** (attach additional pages if necessary)

The renovation and addition to 122 Community Center is primarily a code renovation with a new addition for ADA entry, elevator, fire rated egress stair, public space such as lobbies, some program spaces, as well as room for the vertical circulation of mechanical systems. The existing east and west stairs are retained as are several of the historic elements of former Public School 122 including the entire third floor corridor with existing doors and clerestory windows. The interior renovation will include removal of existing classroom partitions and all MEP systems; the main roof will be raised to add a fifth floor to accommodate ceiling height of two new theatres and respective support spaces installed on the fourth floor. The third and part of the second floor will be divided into artists studios; a black box theater will also be installed on the second floor. The first floor will have a gallery and also an office for the AIDS Service Center; the remainder of the first floor will be minimally finished for a future(fifth) tenant. The cellar will house the new MEP equipment, storage spaces and facility manager office.

**(1)  Target Subcontracting Percentage**

Percentage of total contract dollar value that agency estimates will be awarded to subcontractors in amounts under \$1 million for construction and professional services.

15 %**Subcontractor Participation Goals**
