

NEW YORK CITY DEPARTMENT OF
DESIGN + CONSTRUCTION

DAVID J. BURNEY, FAIA
Commissioner

CAROL DIAGOSTINO
Agency Chief
Contracting Officer

Project: **RFP-20**, Twenty Architectural & Engineering Design Requirements Contracts for Small Projects, Citywide, **RFP-6**, Six Architectural & Engineering Design Requirements Contracts for Large Projects, Citywide

PIN: 8502012VP0008-27P and 8502012VP0028-33P

Date: July 24, 2012

Time: 10:00 AM

To: All Attendees

From: Carlo Di Fava and Hemwattie Roopnarine

MINUTES OF JULY 24, 2012 PRE-PROPOSAL CONFERENCE

Agency Attendees:

David Resnick: Deputy Commissioner, Public Buildings, DDC
Faith Rose: Senior Design Liaison, Public Buildings, DDC
Vinod Devgan: Assistant Commissioner, Police/Fire Unit, DDC
Rebecca Clough: Assistant Commissioner, Courts/Correctional Institutions/Health Facilities, DDC
Eric Boorstyn: Associate Commissioner, Public Buildings, DDC
Veronica Nnabugwu: Deputy ACCO, Professional Contracts, DDC
John Katsorhis: Director of Professional Contracts, DDC
Hemwattie Roopnarine: Contract Manager, DDC
Kareem Alibocas: Contract Manger, DDC
Maritza Ortega: Contract Manger, DDC
Carlo Di Fava: Contract Manager, DDC
Donna Pope: Director, Office of Contract Opportunity, DDC
James Cerasoli: Deputy Director, Office of Contract Opportunity, DDC
Patricia Funches: Analyst, Office of Contract Opportunity, DDC
Safiy Abdur-Rahman: BIM Manager, Public Buildings, DDC
Grace Han: Senior Project Manger, Public Buildings, DDC
Laura Zaytoun: Project Manager, Public Buildings, DDC

Additional Attendees:

Attendance sheet attached.

General:

David Resnick, Deputy Commissioner (DDC): Introduction to DDC, Design and Construction Excellence Program

- Small firms have been able to efficiently deliver projects, and the program gives talented designers an opportunity to compete for city projects
- DDC currently has over 300 active projects
- DDC's Portfolio is made up primarily of a small number of very large projects and a large number of smaller projects.
- There are some new portfolios within DDC: New York City Department of Parks and Recreation, New York City Department of Sanitation and the New York City Department of Citywide Administrative Services projects
- DDC follows Active Design Guidelines, as a response to the obesity epidemic and other health concerns in society today.
- DDC is committed to using and promoting the use of Building Information Modeling (BIM) technology and integrated practice. The large contracts (RFP-6) will require firms to use BIM in some capacity.

Faith Rose, Senior Design Liaison (DDC): Selection of Consultants and the Design and Construction Excellence program (D + CE Program)

- A selection committee will meet in September, which will include a peer from the architecture community.
- The contracts for selected consultants will be registered by the Spring of 2013.
- The contracts for current D+CE consultants expire in April 2013.
- We anticipate issuing approximately 40-50 Mini RFPs (Task Orders) for small projects and 10-15 Mini-RFPs (Task Orders) for large projects in this new round.
- Process of D+CE for selected consultants: RFPs for projects are usually issued on a Monday and due two weeks from the date issued. In between there will be a consultant RFP site visit for all interested firms and a time for RFP questions and clarifications. After submitting proposals, a selection committee comprised of DDC members and the client will choose the consultant for the project.

Carlo Di Fava, Professional Contracts Manager – RFP 20 (DDC):

- Requirements for proposals refer to RFP-11.
- Due dates: Proposals for RFP-6 are due August 6, 2012 by 4:00PM. Proposals for RFP-20 are due August 13, 2012 by 4:00PM.
- Attachment 2 (Iran Divestment Act Compliance Rider for NYC Contractors) must be signed and notarized by prospective consultants. Proposals that lack this attachment will be found non-responsive.

James Cerasoli, Deputy Director, Office of Contract Opportunity (DDC):

- M/WBE: Use the New York City Small Business Services website at www.nyc.gov/getcertified to find M/WBE firms.
- E-mail M/WBE questions for RFP-20 to Carlo Di Fava and copy Patricia Funches; for RFP-6 e-mail Hemwattie Roopnarine and copy Patricia Funches.
- The proposer must complete the Subcontractor Utilization Plan (Attachment 7), Subcontractor Utilization Plans which do not include the required affirmations will be deemed non-responsive.
- In order to complete this from you will need to substitute the proposal value as referenced on Page 2, Step 1 of the Subcontractor Utilization Plan with the “Not to Exceed Amount of either \$10 million or \$4 million depending on the proposal the firm is submitting. The calculated Target Subcontracting Percentage referenced in Step 1 should equal or exceed the Agency Target Subcontracting Percentage. The total Participation Goal referenced in Step 2C should equal or exceed the required M/WBE Participation Goal.
- Since this is a Requirements Contract, Subcontracting and M/WBE Participation Goals will be applicable on a Task Order basis. In order to ensure M/WBE compliance, we suggest that you include M/WBE firms as part of your team since it is uncertain that additional areas will be utilized.
- Please refer to the handouts for a listing of Certified M/WBE firms in the four core areas.
- Please note that to fulfill the M/WBE Participation Goals, the Proposer needs to utilize M/WBE firms certified with the Department of Small Business Services (SBS) found at www.nyc.gov/getcertified.

Hemwattie Roopnarine, Professional Contracts Manager – RFP 6 (DDC):

Received pre-selected questions and answers which are listed below:

Question 1: When will the Guide for Building Information Modeling (BIM) Services and the Design Consultant Guide be available?

Answer: The latest edition of the Design Consultant Guild and the new Guide for Building Information Modeling Services will be available July 2012. An addendum will be posted and all proposers that register to download the Request for Proposals will be notified when the documents are available.

Question 2: Section IV “Format and Content” of the RFP does not list Attachment 6 – “Confirmation of VENDEX Compliance. Should this be included in the proposal?

Answer: The confirmation of VENDEX compliance form (Attachment 6) must be submitted only upon written notification from DDC, please refer to Section V, Paragraph E.

Question 3: On Attachment 4 – Identification of Key Personnel, should only one person be listed for each role?

Answer: Yes, list one person for each role.

Question 4: On Attachment 4 – Identification of Key Personnel, should any other services be listed, such as acoustical engineering, vertical transportation, landscape design, etc.?

Answer: Proposers are required to complete Attachment 4 for only the titles listed. Proposers should not provide additional titles on this attachment.

Question 5: In determining the professional staff headcount, does the number apply to just the prime or all of the subconsultants as well?

Answer: The number of professional staff applies to the prime only. There is no staff limits for the Subconsultants.

Question 6: Will surveying and mapping be a part of the scope of services for the design projects done under these contracts?

Answer: While it is possible that some projects done under these contracts will require these services, they are not required as part of the proposal.

Question 7: In the case of a Joint Venture, does the limitation of the total number of professional staff between the JV partners have to be 10 or less combined?

Answer: In a joint venture the total combined number of professional staff must be ten or less.

Question 8: Can the Prime consultant employ sub-consultants with greater than 10 professional staff? Does the limitation of the total number of professional staff between the Prime and sub-consultant/s have to be 10 or less combined?

Answer: Yes, the prime consultant can propose sub-consultants with greater than 10 professional staff.

Question 9: Attachment #4 “Identification of Key Personnel”: The forms ask to identify 19 key personnel which exceed the limit of 10 staff. Could these personnel be from our specialty sub-consultants?

Answer: Yes, the list of key personnel can include subconsultants.

Question 10: Please further clarify whether consultants responding to the RFP for larger projects (RFP-6) may also be proposed as sub-consultants on Smaller Projects (RFP-20)?

Answer: Yes, you can Prime for the Large (RFP-6) and Sub for the Small (RFP-20).

The following is a summation of questions and answers from the conference. Any errors in the earlier responses have been corrected; the following should be considered the official responses to the questions.

Question: Does the Minimum Requirements per Title on page 6 of the RFP need to be filled out?

Answer: You do not need to fill this out, nor have all of these titles existing in your firm. Should you be selected, and required to put together a staffing plan for hourly services, these are minimum requirements (years of experience and professional licensure) for each title.

Question: What is the scoring and evaluation criteria of proposals based upon?

Answer: Proposals are evaluated as described in the RFP, Page RFP-12.

Question: Can subconsultants be added to a project?

Answer: Yes, in the mini-RFP for each project we will specify the need for specialty subs, depending on the needs of each project.

Question: If a firm applies with another firm as a Joint Venture, do they have to get a new Tax Identification Number?

Answer: Yes, the Joint Venture must have its own Tax Identification Number and be a legal company by the time the contract is awarded. If you are planning to form a Joint Venture, but have not yet done so, state and explain your intent to do so in your proposal.

Question: Is there a project limit or page limit for the experience section of the proposal?

Answer: In the past proposals have included 5 – 10 project examples, but there is no limit.

Question: Are there any minimum annual revenue requirements for the 6 large firms?

Answer: No, there are no minimum requirements.

Question: Why are there now only 6 large firms, instead of 8?

Answer: The number is based on the current and projected workload for the next few years. Around 10-15 projects will meet the requirements for large group projects.

Question: Must small firms be 10 or less professionals?

Answer: Yes, no more than 10 professionals.

Question: If a professional has less than one year experience, are they considered “professional”?

Answer: Yes, they are considered “professional”.

Question: Does the portfolio need to be double-sided?

Answer: It is recommended but not a requirement.

Question: Do all key personnel submit 254/255?

Answer: The proposer and all its subconsultants must provide a completed 254/255 or 330 form. All subconsultants must submit a 254/255 or 330 form.

Question: Can an engineering firm be the Prime consultant?

Answer: No, unless the engineering firm is part of a Joint Venture with an architect.

Question: If two architects will collaborate, must it be a Joint Venture for the purpose of this proposal?

Answer: Yes, but the Joint Venture does not have to be legally formed until the time of the award. Proposers must state the intent to enter into a Joint Venture at the time of the proposal.

Question: What types of Joint Ventures have been consultants in the past?

Answer: We have had joint ventures between small architecture firms, between architecture firms and engineering firms.

Question: How heavily is sustainability weighed in selecting the D+CE consultants?

Answer: It is part of the larger experience consideration.

Question: Are there any limitations on the growth of firms over the course of 3 years? Can they become larger than 10 professionals?

Answer: There are no limits on growth. The firms must only be 10 at the time the contract is awarded.

Question: Do you primarily encourage New York City/ New York State firms to apply?

Answer: The way it has worked out, most of the D+CE firms are New York-based, but it is not a requirement.

Question: When is Attachment 6 (Confirmation of VENDEX Compliance) need to be completed?

Answer: Only upon written notification.

Question: How many of the selected firms in the last round had not held a previous contract with DDC?

Answer: About 60/70% were new consultants. Everyone applying has an equal chance.

Question: Are there any suggestions for what we should not do in our proposals?

Answer: Do not take sole credit for work you did with others. Do not over-embellish your experience. Do not assume that we will automatically understand why a featured project is relevant for consideration in DDC's program.

Question: Can proposals be dropped off early?

Answer: Proposal must be delivered to the contact person identified on Page RFP-1 of the relevant RFP.

Question: For the RFP-20 – does the architect need to form an official Team with the subconsultants listed?

Answer: No, just make sure the subconsultants has agreed to being listed.

Question: Can we list in house subconsultants on Attachment 3 (Form for Identification of Subconsultants)?

Answer: Yes you can list in house subconsultants.

Question: How do we go about requesting copies of the winning proposals from the 2009 RFP?

Answer: To view the proposals from the previous 2009 RFP, it must be done through a FOIL (Freedom of Information) request. There is a fee for reproducing the proposals. The contact for this is: Assistant Commissioner Joe Soldevere, (718) 391-1641, Fax: (718) 391-2600.

Question: Can one person in the firm fill multiple roles?

Answer: Yes they can fill multiple roles within the proposal.

Question: Can you list the same person twice on Attachment 4?

Answer: Yes you can.

Question: Is BIM to be used in “ground-up” projects only?

Answer: No. BIM is required on all of the large contracts projects. The level of BIM will be on a case by case basis. Consultants will follow a BIM Execution Plan.

The following is a summation of questions and answers from the Office of Contract Opportunity regarding the M/WBE program. All questions and answers pertain to both RFP-20 and RFP-6.

Question 1: Does Attachment 7, the Subcontractor Utilization Plan, need to be submitted by the subconsultants as well as the prime?

Answer: Only the proposer/prime must complete the Schedule B: Subcontractor Utilization Plan (SUP) or the proposer will be deemed to be non-responsive. In the event that aspects of the Plan are not complete or contain computation errors, the vendor will be given four (4) calendar days to cure the deficiencies and return a complete SUP to the agency.

Question 2: On Schedule B of the Schedule Utilization Plan, what is the Total Bid/Proposal value?

Answer: Since this is a requirements contract where the dollar value is unknown at this time, proposers should complete the SUP based on the not to exceed amount of either \$10,000,000 or \$4,000,000 (total bid/proposal value) depending upon the proposal you are submitting.

Question 3: Can you clarify the subcontractor target % and the MWBE Participation % on Schedule B of the Subcontractor Utilization Plan?

Answer: The Subcontracting goal of 10% should be inserted under Step 1 (calculated target subcontracting percentage) and the M/WBE Participation Goal of 60% should be included under Step 2c (total participation goal percentage).

Question 4: Can the Prime firm, as M/WBE, count toward the Subcontractor Participation Goals?

Answer: All proposers will be required to meet the 10% Target Subcontracting and 60% M/WBE Participation Goals regardless of the proposer's M/WBE certification status.

Question 5: Must all of my subconsultants be M/WBE from the list on Attachment 3 or can I account for some of the subcontractor Participation Goals with other consultants that are M/WBE not listed?

Answer: Since this is a Requirements Contract, Subcontracting and MWBE Participation Goals will be applicable on a Task Order Project basis. In order to ensure MWBE compliance, we suggest that you include MWBE firms as part of your team since it is uncertain that additional areas will be utilized.

Question 6: In what instances are we allowed to deviate from our Subcontractor Utilization Plan?

Answer: Deviations from the Subcontractor Utilization Plan can only be entertained on a task order project basis pursuant to good faith efforts to achieve M/WBE participation. There are over 3,000 certified M/WBE firms listed on the SBS online website. For your convenience, we have culled the list to include only M/WBE firms in core and related professional service areas and have made it available online. For a complete list of certified M/WBE firms, you can visit the SBS website at www.nyc.gov/getcertified.

Question 7: Can Asian-American firms count toward the MWBE participation goals?

Answer: No credit will be given toward the participation goal for M/WBE's that perform work for which a corresponding goal does not exist (e.g. for professional services when provided by An Asian-owned firm).

Question 8: Are there examples on how to fill out the Schedule B: Subcontractor Utilization Plan?

Answer: There is a sample Schedule B- Subcontractor Utilization Plan for each contract, included with the minutes of the Pre-Proposal Conference.

Question 9: Can non-technical services provided by an MWBE firm, i.e., programming specialist, qualify as a subconsultant to help fulfill the MWBE Participation goals?

Answer: All participation by certified Department of Small Business Services (SBS) M/WBE firms will count toward the attainment of the M/WBE participation goals. Such certification must occur however prior to the firms' commencement of work as a subconsultant. A complete list of M/WBE firms may be obtained from the SBS website at www.nyc.gov/getcertified, by emailing buyer@sbs.nyc.gov or by calling (212) 513-6356. Eligible firms that have not yet been certified may contact SBS.

Question 10: Can we get a copy of the list of M/WBE certified firms that was distributed at the Pre-Proposal Conference?

Answer: This list, a culled list of M/WBE firms matching many of the core areas as well other possible subconsultants are included with these minutes for your convenience. For a complete list of certified M/WBE firms, you can visit the SBS website at www.nyc.gov/getcertified.

Question 11: Please clarify what constitutes “Asian-American”?

Answer: For a clarification of all the designated minority groups, please refer to the eligibility requirements located on page 3 of the MWBE Certification application which can be found online at www.nyc.gov/getcertified.

Question 12: Is it a requirement to be certified by the Department of Small Business Services (SBS), or is the New York State Department of Economic Development (NYEDC) certification sufficient?

Answer: In order to get credit for M/WBE participation, firms must be certified by the SBS. However, if a business is M/WBE certified with one of the SBS partner organizations, the business may be eligible to submit a M/WBE Fast Track Application. Businesses that have previously applied for M/WBE Certification or are currently under review with the City of New York are not eligible for a Fast Track Application. Before beginning this application, businesses should contact the organization with which they are certified with to find out if they qualify for a Fast Track Application. The SBS partner organizations are:

- The New York City School Construction Authority
- The Port Authority of New York and New Jersey
- Women’s President’s Educational Organization
- New York and New Jersey Minority Supplier Development
- New York State Department of Economic Development, Division of Minority & Women’s Business Development

SCHEDULE B – Subcontractor Utilization Plan – Part II: Bidder/Proposer Subcontracting Plan

This page and the next (Part II herein) are to be completed by the bidder/proposer. **AFFIRMATIONS; Bidder/proposer must check the applicable boxes below, affirming compliance with M/WBE requirements.**

Bidder/proposer **AFFIRMS** or **DOES NOT AFFIRM** [statement below]

It is a material term of the contract to be awarded that, with respect to the total amount of the contract to be awarded, bidder/proposer will award one or more subcontracts for amounts under one million dollars, sufficient to meet or exceed the Target Subcontracting Percentage (as set forth in Part I) unless it obtains a full or partial waiver thereof, and it will award subcontracts sufficient to meet or exceed the Total Participation Goals (as set forth in Part I) unless such goals are modified by the Agency.

- Bidder/proposer **AFFIRMS** that it intends to meet or exceed the Target Subcontracting Percentage (as set forth in Part I); or
- AFFIRMS** that it has obtained a full/partial pre-award waiver of the Target Subcontracting Percentage (as set forth in Part I) and intends to award the modified Target Subcontracting Percentage, if any; or
 - DOES NOT AFFIRM**

Section I: Prime Contractor Contact Information

Tax ID # _____ FMS Vendor ID # _____

Business Name _____ Contact Person _____

Address _____

Telephone # _____ Email _____

Section II: General Contract Information

1. Define the industry in which work is to be performed.

- **Construction** includes all contracts for the construction, rehabilitation, and/or renovation of physical structures. This category does include CM Build as well as other construction related services such as: demolition, asbestos and lead abatement, and painting services, carpentry services, carpet installation and removal, where related to new construction and not maintenance. This category does not include standard services which may be associated with construction projects but which do not constitute construction, such as trucking, site protection, site security, site surveying, soil testing, extermination, and maintenance/operations.
- **Professional Services** are a class of services that typically require the provider to have some specialized field or advanced degree. Services of this type include: legal, management consulting, information technology, accounting, auditing, actuarial, advertising, health services, pure construction management, environmental analysis, scientific testing, architecture and engineering, and traffic studies, and similar services.

a. Type of work on Prime Contract (Check one): b. Type of work on Subcontract (Check all that apply):

- Construction Professional Services Construction Professional Services Other

2. What is the expected percentage of the total contract dollar value that you expect to award to all subcontracts? _____ %

3. Will you award subcontract(s) in amounts below \$ 1 million for construction and/or professional services contracts within the first 12 months of the notice to proceed on the contract? Yes No

Section III: Subcontractor Utilization Summary

IMPORTANT: If you do not anticipate that you will subcontract at the target level the agency has specified, because you will perform more of the work yourself, you must seek a waiver of the Target Subcontracting Percentage by completing p. 4).

| Step 1: Calculate the percentage (of your total bid) that will go towards subcontracts under \$1M for construction and/or professional services | Subcontracts under \$1M (4) (construction/professional services) | Total Bid/Proposal Value | Calculated Target Subcontracting Percentage |
|--|---|--------------------------|---|
| | \$ 400,000.00 | \$ 4,000,000.00 | 10 % |
| <ul style="list-style-type: none"> • Subcontracts under \$1M (construction/professional services): Enter the value you expect to award to subcontractors in dollars for amounts under \$1 million for construction and/or professional services. This value defines the amount that participation goals apply to, and will be entered into the first line of Step 2. | | | |

- **Total Bid/Proposal Value:** Provide the dollar amount of the bid/proposal.
- **Calculated Target Subcontracting Percentage:** The percentage of the total contract dollar value that will be awarded to one or more subcontractors for amounts under \$1 million for construction and/or professional services. **This percentage must equal or exceed the percentage listed by the agency on page 1, at line (1).**

NOTE: The "Calculated Target Subcontracting Percentage" MUST equal or exceed the Target Subcontracting Percentage listed by the agency on Page 1, Line (1).

Step 2:
Calculate value of subcontractor participation goals

Subcontracts under \$1M
(construction/professional services)

a. Copy value from Step 1, line (4) – the total value of all expected subcontracts under \$1M for construction and/or professional services \$ 400,000.00

b. From line a. above, allocate the dollar value of "Subcontracts under \$1M" by Construction and Professional Services.

| | Construction | Professional Services |
|--|--------------|-----------------------|
| Subcontracts under \$1M by Industry \$ | | \$ 400,000.00 |

c. For Construction enter percentage from line (2) from Page 1.
For Professional Services enter percentage from line (3) from Page 1.

Total Participation Goals x _____ % x 60 %

d. Value of Total Participation Goals \$ _____ \$ 240,000.00

Step 3:

Enter brief description of type(s) of subcontracts in amounts under \$1M anticipated, by type of work, not by name of subcontractor

Subcontracts in Amounts Under \$1 M Scope of Work – Construction

Enter brief description of type(s) of subcontracts in amounts under \$1M anticipated, by type of work, not by name of subcontractor

Subcontracts in Amounts Under \$1 M Scope of Work – Professional Services

List areas to be subcontracted
Possible Sub-Consultants:
a) Civil b) Landscape c) Security d) Structural Eng Design

Section IV: Vendor Certification and Required Affirmations

I hereby 1) acknowledge my understanding of the MWBE requirements as set forth herein and the pertinent provisions of Local Law 129 of 2005, and the rules promulgated thereunder; 2) affirm that the information supplied in support of this subcontractor utilization plan is true and correct; 3) agree, if awarded this Contract, to comply with the MWBE requirements of this Contract and the pertinent provisions of Local Law 129 of 2005, and the rules promulgated thereunder, all of which shall be deemed to be material terms of this contract; 4) agree and affirm that it is a material term of this contract that the Vendor will award subcontract(s) sufficient to meet the Target Subcontracting Percentage, unless a waiver is obtained, and the Vendor will award subcontract(s) sufficient to meet the Total Participation Goals unless such goals are modified by the Agency; and 5) agree and affirm, if awarded this contract the Vendor intends to make all reasonable, good faith efforts to meet the Target Subcontracting Percentage, or if the Vendor has obtained a waiver, the Vendor intends to meet the modified Target Subcontracting Percentage, if any, and the Vendor intends to solicit and obtain the participation of MWBEs so as to meet the Total Participation Goals unless modified by the Agency.
