No subcontractor or sub-subcontractor shall be permitted on the site until such written approval as required herein has been obtained. Any proposed change order to any subcontract(s) hereunder

is subject to the prior written approval of the Commissioner. The Commissioner's approval of a subcontractor shall not relieve the Contractor of any of its responsibilities, duties and liabilities hereunder.

10.2.5 Contractor's Responsibility for Subcontractors: In the event of default by any of the Contractor's Subcontractors, the following conditions shall apply:

- (a) The Contractor shall not be entitled to any payment whatsoever for any and all expenses, including without limitation staffing and/or administrative expenses, incurred by the Contractor in connection with the process of defaulting such Subcontractor and/or the bidding and/or other procedures involved in obtaining another Subcontractor to complete the required Work.
- (b) The Contractor shall be responsible to compensate the City for any and all expenses, including without limitation administrative and/or professional design costs, incurred by the City in connection with the process of defaulting such Subcontractor and/or the bidding and/or other procedures involved in obtaining another Subcontractor to complete the required work. The Commissioner shall determine the amount of any such expenses incurred by the City and such determination shall be final, binding and conclusive upon the Contractor.

10.3 Liquidated Damages: The Commissioner shall specify an amount of liquidated damages to be included in each subcontract for construction work for the Project. As directed by the Commissioner, the Contractor shall include such specified liquidated damage amount in each subcontract for construction work for the Project.

10.3.1 Any and all moneys collected by the Contractor as liquidated damages from its Subcontractors shall be paid by the Contractor to the City.

10.3.2 In each subcontract for construction work, the Contractor shall include a provision expressly giving the City a right of action against the Subcontractor in the event such subcontractor fails to pay any liquidated damages determined to be due and owing thereunder.

10.4 Requirements for Substantial Completion: Substantial Completion of the required Work shall occur when, in the sole determination of the Commissioner, all of the conditions set forth below have been satisfied.

- (a) Contractor has obtained and delivered to the Commissioner: (1) the required written approval of any agency having jurisdiction over the work, including without limitation, the Department of Buildings, the Fire Department and the Department of Environmental Protection; (2) all certificates of inspection for the Work, and (3) a temporary Certificate of Occupancy for the Work.
- (b) Contractor has completed all training sessions required by the City for equipment and/or systems installed for the Project.
- (c) all utilities specified or required under the Contract are connected and function properly.
- (d) the City can use and occupy the facility for the intended use and purpose.
- (e) Contractor and the Commissioner's Representative have agreed in writing upon the Final Punch List and the date for Final Acceptance of all required Work, including completion of all Punch List items, or, if they are unable to agree, the Commissioner's Representative has prepared and issued in writing to the Contractor the Final Punch List and the date of Final Acceptance.
- (f) all Work, except the items on the Final Punch List as approved by the Commissioner's Representative, is complete in all respects and is in compliance with the Contract to the satisfaction of the Commissioner's Representative.
- (g) Contractor has delivered to the Commissioner's Representative a final verified statement of claims as described in Article 42 of the Agreement.
- (h) Contractor has submitted to the Commissioner written certification that Contractor has paid all taxes and fees (including real property taxes and income or franchise taxes) due and payable by Contractor to the City prior to Substantial Completion.
- (i) Contractor has submitted written certification that all of the foregoing conditions have been satisfied and the Commissioner has approved Contractor's certification.

Alternatively, Substantial Completion shall occur on any date certified by the Commissioner, who shall have discretion to waive any of the foregoing conditions.

10.5 Extensions of Time for Subcontracted Work: If the performance of construction work by Subcontractors hereunder is delayed for a reason set forth in Article 10.5.1 below, the Contractor may be allowed a reasonable extension of time. An extension of time for subcontracted work may be granted only by the Commissioner, upon written application by the Contractor.

10.5.1 Grounds for Extension: If such application is made, the Contractor shall be entitled to an extension of time for delay in completion of subcontracted work, if such delay is caused solely: (1) by the acts or omissions of the City, its officers, agents or employees; or (2) by the act or omissions of other contractors; or (3) by unavoidable delay, as defined in Article 1.35 hereof, or other supervening conditions entirely beyond the control of either party hereto. The Contractor shall, however, be entitled to an extension of time for such causes only for the number of days of delay which the Commissioner may determine to be due solely to such causes, and then only if the Contractor shall have strictly complied with all of the requirements of Articles 8, 16, and 17 hereof.

10.5.2 Extension for Concurrent Causes of Delay: The Contractor shall not be entitled to receive a separate extension of time for each of several causes of delay operating concurrently, but, if at all, only for the actual period of delay in completion of the subcontracted work as determined by the Commissioner, irrespective of the number of causes contributing to produce such delay. If one of several causes of delay operating concurrently results from any act, fault or omission of the Contractor or of his Subcontractors or materialmen, and would of itself (irrespective of the concurrent causes) have delayed the subcontracted work, no extension of time will be allowed for the period of delay resulting from such act, fault or omission. The determination made by the Commissioner shall be binding and conclusive on the Contractor. The granting of an application for an extension of time for causes of delay other than those herein referred to shall be entirely within the discretion of the Commissioner.

Permitting the Contractor to continue with the subcontracted work after the time fixed for its completion has expired, or after the time to which such completion may have been extended has expired, or the making of any payment to the Contractor after such time, shall in no way operate as a waiver on the part of the City of any of its rights under this Contract.

10.5.3 Application for Extension of Time: Before the Contractor's request for a time extension for subcontracted work may be approved, the Contractor must within five (5) days after commencement of the condition which allegedly has caused or is causing the delay, submit a written application to the Commissioner identifying:

- (a) the Contractor; the Subcontractor; the Contract registration number; and Project description;
- (b) liquidated damage assessment rate, as specified in the subcontract;
- (c) original subcontract bid amount;
- (d) the original subcontract start date and completion date;
- (e) any previous time extensions granted (number and duration); and
- (f) the extension of time requested.

In addition, the application for extension of time shall set forth in detail:

- (a) the nature of each alleged cause of delay in completing the work;
- (b) the date upon which each such cause of delay began and ended and the number of days attributable to each such cause;
- (c) a statement that the Contractor waives all claims except for those delineated in the application, and the particulars of any claims which the Contractor does not agree to waive. For time extensions for final completion payments, the application shall include a detailed statement of the dollar amounts of each element of claim item reserved; and
- (d) a statement indicating the Contractor's understanding that the time extension is granted only for the purpose of permitting continuation of subcontract performance and payment for work performed and that the City retains its right to conduct an investigation and assess liquidated damages as appropriate in the future.

10.5.4 Determination of Time Extensions: Time extensions for subcontracted work shall be determined in writing by the Commissioner.

10.5.5 Delay Analysis: For extensions of time for final completion payments for subcontracted work, the agency engineering staff shall prepare a written analysis of the delay (including a preliminary determination of the causes of delay, the beginning and end dates for each such cause of delay, and whether the delays are excusable under the terms of the Contract). The report shall be made a part of the agency contract file.

10.5.6 Assessment of Liquidated Damages: In the case of final completion payments for subcontracted work, liquidated damages shall be assessed as determined by the delay analysis. However, neither the failure to assess liquidated damages at this time, nor the report itself, nor the granting of a time extension at final completion, shall operate as a waiver or release of any claim the City may have against the Subcontractor for either actual or liquidated damages.

10.6 Payment Guarantee

10.6.1 In the event the terms of this Contract do not require the Contractor or its Subcontractor(s) to provide a payment bond, the City shall, in accordance with the terms of this Article, guarantee payment of all lawful demands for: (a) wages and compensation for labor performed and/or services rendered, and (b) materials, equipment, and supplies provided, whether incorporated into the Work or not, when demands have been filed with the City as provided hereinafter by any person, firm, or corporation which furnished labor, material, equipment, supplies, or any combination thereof, in connection with the Work performed hereunder (hereinafter referred to as the "beneficiary") at the direction of the City, the Contractor or its Subcontractor(s). For the purpose of this Article 10.6, Subcontractor shall mean any person, firm, or corporation, other than employees of the Contractor, who or which contracts with the Contractor to furnish, or actually furnishes, labor, or labor and materials, or labor and equipment, at the site or in the performance of any of the Work hereunder.

10.6.2 The provisions of Article 10.6.1 above, are subject to the following limitations and conditions.

- (a) The guarantee is made for the benefit of all beneficiaries as defined in Article 10.6.1, above, provided that those beneficiaries strictly adhere to the terms and conditions of this Article 10.6.2.
- (b) Nothing in this Article shall prevent a beneficiary providing labor, services or material for the work from suing the Contractor or its Subcontractor(s) for any amounts due and owing the beneficiary by the Contractor or its Subcontractor(s).
- (c) All demands made against the City pursuant to this Article shall be made within four (4) months from the date payment is due on the invoice or invoices submitted by the beneficiary to the Contractor or its Subcontractor(s) for labor or work done or for materials or supplies delivered, or, if the demand is for wages, four (4) months from the date the wages were due to be paid to the beneficiary.
- (d) All demands made against the City by such beneficiary shall be presented to the Commissioner's Representative along with all written documentation concerning the demand which the Commissioner's Representative deems appropriate or necessary, which may include, but shall not be limited to: the subcontract or sub-subcontract; any invoices presented to the Contractor or subcontractor for payment; the notarized statement of the beneficiary that the demand is due and payable, that a request for payment has been made of the Contractor or Subcontractor and that the demand has not been paid by the Contractor or Subcontractor within the time allowed for such payment by the subcontract or sub-subcontract, and copies of any correspondence between the beneficiary and the Contractor or Subcontractor concerning such demand. The City shall notify the Contractor or Subcontractor that a demand has been made. The Contractor or Subcontractor shall inform the City of any defenses to the demand, and shall forward to the City any documents the City requests concerning the demand.
- (e) The City shall make payment only if, after considering all defenses presented by the Contractor or Subcontractor, it determines that the payment is due and owing to the beneficiary making the demand.
- (f) The City will not initiate the payment process of this Article or make payment on a demand where the beneficiary making the demand has filed a lien against the Work or otherwise sues the City prior to receiving a written notice from the City that it will not pay the demand.
- (g) No beneficiary shall be entitled to interest from the City, or to any other costs, including but not limited to attorney's fees.

10.6.3 Upon the receipt by the City of a demand pursuant to this Article, the City may withhold from any payment otherwise due and owing to the Contractor under this Contract an amount sufficient to satisfy the demand.

- (a) In the event the City determines that the demand is valid, the City shall notify the Contractor of such determination and the amount thereof, and direct the Contractor to immediately pay such amount to the beneficiary. In the event the Contractor, within seven (7) days of receipt of such notification from the City, fails to pay the beneficiary, such failure shall constitute an automatic and irrevocable assignment of payment by the Contractor to the beneficiary for the amount of the demand determined by the City to be valid. The Contractor, without further notification or other process, hereby gives its unconditional consent to such assignment of payment to the beneficiary and authorizes the City, on its behalf, to take all necessary actions to implement such assignment of payment, including without limitation the execution of any instrument or documentation necessary to effectuate such assignment.
- (b) In the event that the amount otherwise due and owing to the Contractor by the City is insufficient to satisfy such demand, the City may, at its option, require payment from the Contractor of an amount sufficient to cover such demand and exercise any other right to require or recover payment which the City may have under Law or Contract.
- (c) In the event the City determines that the demand is invalid, any amount withheld pending the City's review of such demand shall be paid to the Contractor; provided, however, no lien has been filed. In the event a lien has been filed, the terms and conditions set forth in Article 24 shall apply.

10.6.4 The provisions of this Article shall not prevent the City and the Contractor from resolving disputes in accordance with the rules of the Procurement Policy Board, where applicable.

10.6.5 In the event the City determines that the beneficiary is entitled to payment pursuant to this Article, such determination and any defenses and counterclaims raised by the Contractor shall be taken into account in evaluating the Contractor's performance.

10.6.6 Nothing in this Article shall relieve the Contractor of the obligation to pay the claims of all persons with valid and lawful claims against the Contractor relating to the work.

10.6.7 The Contractor shall not require any performance, payment or other bonds of any Subcontractor, unless required by Article 10.2.2(e).

10.6.8 The payment guarantee made pursuant to this Article shall be construed in a manner consistent with Section 137 of the State Finance Law and shall afford to persons furnishing labor or materials to the Contractor or his Subcontractors in the prosecution of the Work under this Contract all of the rights and remedies afforded to such persons by such section, including but not limited to, the right to commence an action against the City on the payment guarantee provided by this Article within the one year limitations period set forth in Section 137(4)(b).

11.5.11 Review, evaluate and respond to requests from Subcontractors for explanatory information and/or interpretation of the meaning and intent of the Construction Documents. The Contractor shall confer with the Consultant, ascertain the Consultant's interpretation and prepare a response to the Subcontractor setting forth the Consultant's interpretation. In the event the Subcontractor disagrees with such interpretation, the Contractor shall prepare a detailed report to the Commissioner setting forth the Consultant's interpretation, the Subcontractor's interpretation and that by the Contractor.

11.5.12 Undertake the following responsibilities with respect to Subcontractor requests for change orders:

The Contractor must be prepared to substantiate the information with respect to the change order to the Commissioner, the Engineering Audit Officer, the Comptroller and any other agency having jurisdiction in this area. The Commissioner will make all final determinations regarding change orders, modifications and additions to the Construction Documents.

- (a) Review, evaluate and prepare a recommended determination with respect to disputes filed by its subcontractors. - (b) The Contractor shall submit the dispute filed by its subcontractor to the City for resolution in accordance with Article 29 of this Agreement. The Contractor's submission shall be accompanied by the recommended determination described above.

11.5.19 Collect guarantees from the manufacturer, maintenance and operations manuals, keying schedules and other data required of the Subcontractor(s), and maintain photographic records, material and equipment delivery records, visual aids, charts and graphs.

11.5.20 Undertake the following responsibilities with respect to maintenance and guarantee obligations:

- (a) Prior to the expiration of the guarantee period set forth in Article 25 hereof, inspect the Project and furnish a report to the Commissioner describing in detail any finished Work in which defects of materials or workmanship may have appeared or to which damage may have occurred because of such defects, during the applicable guarantee period.
- (b) Take all appropriate action through its Subcontractors for the repair, replacement, restoration or rebuilding, as the Commissioner may determine, of any finished Work in which defects of materials or workmanship may have appeared or to which damage may have occurred because of such defects, during the applicable guarantee period.

11.5.23 In the event any claim is made or any action brought in any way relating to the design or construction of the Project, the Contractor shall diligently render to the City all assistance which the City may require. Such services shall be rendered by the Contractor without additional fee or other compensation, except for the costs and expense of personnel who were assigned to the Project as job-site or management staff, or comparable personnel if those who were assigned to the Project are no longer employed by the Contractor.

11.5.24 Perform such other Project related services as may from time to time be directed by the Commissioner.

11.6 Services During Post Construction Phase: The Contractor shall provide construction management services during the Post Construction Phase, as directed by the Commissioner. Such construction management services shall include without limitation the services set forth below.

ARTICLE 12 - CHARACTER OF THE WORK

12.1 Unless otherwise expressly provided in this Agreement, the Work must be performed in accordance with the best, modern practice, with materials and workmanship of the highest quality, to the satisfaction of the Commissioner. All materials required for the Work shall be free from all defects, of the best available grade and quality, entirely satisfactory for the purpose intended, furnished in ample quantities to prevent delays, and in accordance with all

requirements of this Agreement.

ARTICLE 13 - MEANS AND METHODS OF CONSTRUCTION

13.1 Unless otherwise expressly provided in this Agreement, the means and methods of construction shall be such as the Contractor may choose; subject, however, to the Commissioner's right to reject means and methods proposed by the Contractor which: (1) will constitute or create a hazard to the Work, or to persons or property; or (2) will not produce finished Work in accordance with the terms of the Agreement.

13.2 The Commissioner's approval of the Contractor's means and methods of construction, or his failure to exercise his right to reject such means or methods, shall not relieve the Contractor of his obligation to accomplish the result intended by the Agreement; nor shall the exercise of such right to reject create a cause of action for damages.

ARTICLE 14 - INSPECTION

14.1 During the progress of the Work and up to the date of Final Acceptance of all required Work, the Contractor shall at all times afford the representatives of the City every reasonable, safe and proper facility for inspecting all Work done or being done at the Site and also the manufacture or preparation of materials and equipment at the place of such manufacture or preparation.

14.2 The Contractor's obligation hereunder shall include the uncovering or taking down of finished Work and its restoration thereafter, provided, however that the order to uncover, take down and restore shall be in writing, and further provided that if Work thus exposed proves satisfactory, such uncovering or taking down and restoration shall be considered an item of extra Work to be paid for in accordance with the provisions of Article 26 hereof.

14.3 Inspection and approval by the Commissioner's Representative of finished Work or of work being performed, or of materials and equipment at the place of manufacture or preparation, shall not relieve the Contractor of his obligation to perform the Work in strict accordance with the Agreement. Finished or unfinished Work found not to be in strict accordance with the Agreement shall be replaced as directed by the Commissioner's Representative, even though such Work may have been previously approved and paid for.

14.4 Rejected Work and materials must be promptly taken down and removed from the Site, which must at all times be kept in a reasonably clean and neat condition.

ARTICLE 15 - PROTECTION OF WORK AND OF PERSONS AND PROPERTY

15.1 During the performance of the Work and up to the date of Final Acceptance, the Contractor shall be under an absolute obligation to protect the finished and unfinished Work against any damage, loss, injury, theft and/or vandalism and in the event of such damage, loss, injury, theft and/or vandalism, it shall promptly replace and/or repair such Work, as the Commissioner's Representative shall determine to be preferable. The obligation to deliver finished Work in strict accordance with the Contract prior to Final Acceptance shall be absolute and shall not be affected by the Commissioner's Representative's approval of, or failure to prohibit, the Means and Methods of Construction used by the Contractor.

15.2 During the performance of the Work and up to the date of Final Acceptance, the Contractor shall take all reasonable precautions to protect the persons and property of the City and of others from damage, loss or injury resulting from the Contractor's, and/or its Subcontractors' operations under this Contract. The Contractor's obligation to protect shall include the duty to provide, place or replace and adequately maintain at or about the Site suitable and sufficient protection such as lights, barricades, and enclosures.

15.3 The Contractor shall make a full and complete report in writing to the Commissioner's Representative within three (3) Days after the happening of any loss, damage or injury to Work, persons or property, or any accidents arising out of the operations of the Contractor and/or its Subcontractors under this Contract. The Contractor shall notify in writing the Commissioner (pursuant to Article 23), the Comptroller, the commercial general liability insurance carrier, and, where applicable, the worker's compensation and/or other insurance carrier, of any such loss, damage, injury, or accident, and any claim or suit arising therefrom, immediately, but not later than 20 days after such event. The Contractor's notice to

the commercial general liability insurance carrier must expressly specify that “this notice is being given on behalf of the City of New York as Additional Insured as well as [the Contractor] as Named Insured.” If the Contractor fails to give any of the foregoing notices to any appropriate insurance carrier in a timely manner, the Contractor shall indemnify the City for all losses, judgments, settlements and expenses, including reasonable attorneys’ fees, arising from an insurer’s disclaimer of coverage citing late notice by or on behalf of the City.

15.3.1 Notice to the Comptroller pursuant to Article 15.3 shall specify the name of the Contractor, the number of this Contract, the date of the occurrence, the location (street address and borough) of the occurrence, the identity of the persons or things injured, damaged or lost, and the name of the insurance carrier that issued the commercial general liability insurance policy pursuant to Article 23.1.1 of this Contract. Such notice shall be sent to the Insurance Unit, NYC Comptroller’s Office, 1 Centre Street – Room 1222, New York, N.Y. 10007.

15.4 The Contractor shall indemnify, defend and hold the City, its employees and agents harmless against any and all claims, liens, demands, judgments, penalties, fines, liabilities, settlements, damages, costs and expenses of whatever kind or nature (including, without limitation, attorneys’ fees and disbursements), known or unknown, contingent or otherwise, allegedly arising out of or in any way related to the operations of the Contractor and/or its Subcontractors in the performance of this Contract or from the Contractor’s and/or its Subcontractors’ failure to comply with any of the provisions of this Contract or of the Law. Insofar as the facts and Law relating to any claim would preclude the City from being completely indemnified by the Contractor, the City shall be partially indemnified by the Contractor to the fullest extent provided by Law.

15.5 The provisions of this Article shall not be deemed to create any new right of action in favor of third parties against the Contractor or the City.

ARTICLE 16 - REQUEST FOR INFORMATION OR APPROVAL

16.1 From time to time as the Work progresses and in the sequence indicated by the approved Project Schedule, the Contractor may submit to the Commissioner a specific request in writing for each item of information or approval required by him. These requests must state the latest date upon which the information or approval is actually required by the Contractor, and must be submitted sufficiently in advance thereof to allow the Commissioner a reasonable time to act upon such submissions or any necessary re-submissions thereof.

16.2 The Contractor shall not have any right to an extension of time on account of delays due to his failure to submit his requests for the required information for the required approval in accordance with the above requirements.

ARTICLE 17 - NOTICE AND DOCUMENTATION OF DELAY DAMAGES AND OTHER DAMAGES; PRODUCTION OF FINANCIAL RECORDS

17.1 After the commencement of any condition which is causing or may cause a delay in completion of the Work, including conditions for which the Contractor may be entitled to an extension of time, the following notifications and submittals are required:

17.1.1 Within seven (7) Days after the commencement of such condition, the Contractor must notify the Commissioner’s Representative in writing of the existence, nature and effect of such condition upon the approved Project Schedule and the Work, and must state why and in what respects, if any, the condition is causing or may cause a delay.

17.1.2 If the Contractor shall claim to be sustaining damages for delay, by reason of any act or omission of the City or its agents, it shall submit to the Commissioner within forty-five (45) Days from the time such damages are first incurred, and every thirty (30) Days thereafter for as long as such damages are incurred, verified statements of the details and the amounts of such damages, together with documentary evidence of such damages. The Contractor may submit any of the above statements within such additional time as may be granted by the Commissioner in writing upon written request therefor. Failure of the Commissioner to respond in writing to a written request for additional time within thirty (30) Days shall be deemed a denial of the request. On failure of the Contractor to fully comply with the foregoing provisions, such claims shall be deemed waived and no right to recover on such claims shall exist. Damages that the Contractor may claim in any action arising under or by reason of this Contract shall not be different from or in

excess of the statements made and documentation provided pursuant to this Article.

17.2 Failure of the Contractor to strictly comply with the requirements of Article 17.1.1 may, in the discretion of the Commissioner, be deemed sufficient cause to deny any extension of time on account of delay arising out of such condition. Failure of the Contractor to strictly comply with the requirements of Articles 17.1.1 and 17.1.2 shall be deemed a conclusive waiver by the Contractor of any and all claims for damages for delay arising from such condition and no right to recover on such claims shall exist.

17.3 When appropriate and directed by the Commissioner's Representative, the Project Schedule shall be revised by the Contractor until finally approved by the Commissioner's Representative. The revised Project Schedule must be strictly adhered to by the Contractor.

17.4 If the Contractor shall claim to be sustaining damages by reason of any act or omission of the City or its agents, it shall submit to the Commissioner within forty-five (45) Days from the time such damages are first incurred, and every thirty (30) Days thereafter for as long as such damages are incurred, verified statements of the details and the amounts of such damages, together with documentary evidence of such damages. The Contractor may submit any of the above statements within such additional time as may be granted by the Commissioner in writing upon written request therefor. Failure of the Commissioner to respond in writing to a written request for additional time within thirty (30) Days shall be deemed a denial of the request. On failure of the Contractor to fully comply with the foregoing provisions, such claims shall be deemed waived and no right to recover on such claims shall exist. Damages that the Contractor may claim in any action or dispute resolution procedure arising under or by reason of this Contract shall not be different from or in excess of the statements and documentation made pursuant to this Article.

17.5 In addition to the foregoing statements, the Contractor shall, upon notice from the Commissioner, produce for examination at the Contractor's office, by the Commissioner's Representative, all of its books of account, bills, invoices, payrolls, subcontracts, time books, daily reports, bank deposit books, bank statements, check books, canceled checks, showing all of its acts and transactions in connection with or relating to or arising by reason of this Contract, and submit itself and persons in its employment, for examination under oath by any person designated by the Commissioner or Comptroller to investigate claims made or disputes against the City under this Contract. At such examination, a duly authorized representative of the Contractor may be present.

17.6 In addition to the statements required under Article 30 and this Article, the Contractor and/or its Subcontractor shall, within thirty (30) Days upon notice from the Commissioner or Comptroller, produce for examination at the Contractor's and/or Subcontractor's office, by a representative of either the Commissioner or Comptroller, all of its books of account, bid documents, financial statements, accountant workpapers, bills, invoices, payrolls, subcontracts, time books, daily reports, bank deposit books, bank statements, check books, canceled checks, showing all of its acts and transactions in connection with or relating to or arising by reason of this Contract. Further, the Contractor and/or its Subcontractor shall submit any person in its employment, for examination under oath by any person designated by the Commissioner or Comptroller to investigate claims made or disputes against the City under this Contract. At such examination, a duly authorized representative of the Contractor may be present.

17.7 Unless the information and examination required under Article 17.6 is provided by the Contractor and/or its Subcontractor upon thirty (30) Days notice from the Commissioner or Comptroller, or upon the Commissioner's or Comptroller's written authorization to extend the time to comply, the City shall be released from all claims arising under, relating to or by reason of this Contract, except for sums certified by the Commissioner or Comptroller to be due under the provisions of this Contract. It is further stipulated and agreed that no person has the power to waive any of the foregoing provisions and that in any action or dispute resolution procedure against the City to recover any sum in excess of the sums certified by the Commissioner or Comptroller to be due under or by reason of this Contract, the Contractor must allege in its complaint and prove, at trial or during such dispute resolution procedure, compliance with the provisions of this Article.

17.8 In addition, after the commencement of any action or dispute resolution procedure by the Contractor arising under or by reason of this Contract, the City shall have the right to require the Contractor to produce for examination under oath, up until the trial of the action or hearing before the Contract Dispute Resolution Board, the books and documents described in Article 17.6 and submit itself and all persons in its employ for examination under oath. If this Article is not complied with as required, then the Contractor hereby consents to the dismissal of the action or dispute

resolution procedure.

ARTICLE 18 - DETERMINING DATE OF COMPLETION

18.1 Final inspection of the Work by the Commissioner's Representative shall be made within 10 days after receipt of the Contractor's written request therefor. The Work will be deemed complete as of the date of such inspection if, upon such inspection, the Commissioner's Representative finds that no further Work remains to be done. The Commissioner will then issue a certificate of completion and acceptance of the Work.

18.2 Request for Reinspection. However, if such inspection, in the opinion of the Commissioner's Representative, reveals items of Work still to be performed, the Contractor shall promptly perform them and then request a reinspection. If, upon any reinspection, the Commissioner's Representative determines that the Work is complete, the date of completion shall be deemed to be the actual date of such reinspection, which shall be made not more than 10 days after the date of the request therefor.

ARTICLE 19 - EXTENSION OF TIME

19.1 Upon written application by the Contractor, the Agency Chief Contracting Officer may grant an extension of time for performance of the Contract. Said application must state, at a minimum, in detail, each cause for delay, the date the cause of the alleged delay occurred, and the total number of delay in days attributable to such cause. The ruling of the Agency Chief Contracting Officer shall be final and binding as to the allowance of an extension and the number of days allowed.

ARTICLE 20 - OCCUPATION OR USE PRIOR TO COMPLETION

20.1 If before final completion of the Work specified hereunder, it shall be deemed necessary by the Commissioner to take over, use, occupy or operate any part of the completed Work, the Commissioner shall have the right so to do and the Contractor will not in any way interfere with or object to the use, occupation or operation of such Work by the City after receipt of notice in writing by the Commissioner that such Work or part thereof will be used by the City on and after the date specified in such notice.

20.2 Should such action be taken by the Commissioner, the Contractor's guarantee on that part of the Work placed into use shall begin on the date such use by the City shall begin, and the Contractor shall be entitled to a return of so much of the retained percentages as have been withheld under Article 42, as security for the faithful performance of the Work which the Commissioner may take over, use, occupy or operate under this Article, except so much thereof as may be retained under Article 25 hereof.

20.3 Immediately prior to such occupancy or use, inspection of the part to be occupied or used will be made by the Commissioner's Representative, and the Contractor will be furnished in writing with a statement of the Work, if any, still to be done on such part. If any part of the completed or partly completed Work is taken over for use, occupation or operation under this Article, then the Commissioner may issue a determination of Substantial Completion with respect to such Work.

ARTICLE 21 - CHANGED CONDITIONS

21.1 Should the Contractor encounter during the progress of the Work, subsurface conditions at the site materially differing from any shown on any documents furnished by the Commissioner or such subsurface conditions as could not reasonably have been anticipated by the Contractor and were not anticipated by the City, which conditions will materially affect the cost of the Work to be done under the Contract, the attention of the Commissioner must be called immediately to such conditions before they are disturbed. The Commissioner shall thereupon promptly investigate the conditions. If he finds that they do so materially differ, or that they could not reasonably have been anticipated by the Contractor and were not anticipated by the City, the Contract may be modified with his written approval. Any increase in cost resulting therefrom shall be in accordance with Article 26 and the Procurement Policy Board Rules.

ARTICLE 22 - ASSIGNMENTS

22.1 The Contractor shall not assign, transfer, convey or otherwise dispose of this Contract, or of its rights, obligations, duties, in whole or in part, or of its right to execute it, or its right, title or interest in or to it or any part thereof, or assign, by power of attorney or otherwise any of the moneys due or to become due under this contract, unless the prior written consent of the Commissioner shall first be obtained thereto, and the giving of any such consent to a particular assignment shall not dispense with the necessity of such consent to any further or other assignments. Any such assignment, transfer, conveyance or other disposition without such consent shall be void.

22.2 Such assignment, transfer, or conveyance shall not be valid until filed in the office of the Department of Design and Construction and of the Treasurer with the written consent of the Commissioner endorsed thereon or attached thereto.

22.3 Failure of the Contractor to obtain the required prior written consent of the Commissioner to such an assignment, transfer or conveyance, shall be cause for termination for cause, at the option of the Commissioner; and, if so terminated, the City shall thereupon be relieved and discharged from any further liability and obligation to the Contractor, its assignees or transferees, and all Moines that may become due under the contract shall be forfeited to the City, except so much thereof as may be necessary to pay the Contractor's employees.

22.4 The provisions of this Article shall not be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of creditors made pursuant to the statutes of the State of New York.

22.5 The Contractor hereby assigns, sells and transfers to the City of New York all right, title and interest in and to any claims and causes of action arising under the antitrust laws of New York State or of the United States relating to the particular goods or services purchased or procured by the City under this Contract.

22.6 This Contract may be assigned by the City to any corporation, agency or instrumentality having authority to accept such assignment.

ARTICLE 23 - INSURANCE

23.1 Types of Insurance: The Contractor shall provide insurance for the Project in accordance with this Article. The types of insurance the Contractor must provide for the Project, as well as the minimum limits and special conditions applicable to such insurance, are set forth below. The Contractor's obligation to provide insurance shall commence as of the date on which the Contractor is ordered to commence Work and up to the date of Final Acceptance of all required Work at the Site, including punch list work as certified in writing by the Commissioner's Representative. Such insurance shall be issued by companies that meet the standards set forth in this Article 23.

23.1.1 Commercial General Liability Insurance: The Contractor shall provide a Commercial General Liability Insurance policy (with the coverages indicated below) in the minimum amount of \$1,000,000 per occurrence (combined single limit), \$2,000,000 aggregate. Such policy shall be in the Contractor's name and shall name the City of New York as additional insured thereunder. This insurance policy shall protect the City of New York, the Contractor and his/her subcontractors performing work at the site from claims for property damage and/or bodily injury, including accidental death, which may arise from operations under this Agreement, whether such operations are performed by the Contractor or anyone directly or indirectly employed by him/her. The coverage provided must be "occurrence" based; "claims made" coverage will not be accepted. At its option, the Contractor may provide comprehensive general liability insurance that complies with all requirements set forth in this Article. The general liability insurance policy provided shall include, without limitation, the following coverages: comprehensive liability, premises/operations liability, products/completed operations liability, contractual liability, and broad form property damage. The general liability insurance policy provided shall include the following endorsements:

- (a) The City, together with its officials and employees, is an Additional Insured under this policy.

- (c) Notice of Accident shall be given to the Company by the Insured within one hundred twenty (120) days after notice of such accident has been sent to the Commissioner of the Department of Design and Construction.

- (d) Notice of Claim shall be given to the Company within one hundred twenty (120) days after such notice shall be filed with the Comptroller of the City of New York.
- (e) Notice of Claim to the Company by the Insured of an accident or claim on the site shall constitute notice by the City to the Company.
- (f) Notice of Cancellation of Policy, as set forth in Article 23.2.4 below.

23.1.2 Builders' Risk Insurance: The CM/Build Contractor is required, in accordance with Article 10, to include insurance requirements in subcontracts for the Project. Insurance requirements for subcontracts are set forth in Schedule A of the General Conditions, which will be provided by the City. As a general rule, Schedule A will include a requirement that the subcontractor provide Builder's Risk insurance. As an exception to this general rule, the Commissioner may, in writing, direct the CM/Build Contractor to provide Builders' Risk insurance for the entire Project, or some designated portion thereof. In such case, the Commissioner will delete from Schedule A the requirement that the subcontractor provide Builder's Risk insurance. If so directed in writing by the Commissioner, the CM/Build Contractor shall provide Builders' Risk Insurance. In such case, costs incurred by the CM/Build Contractor to provide the required Builder's Risk insurance shall be reimbursed by the City in accordance with Article 42.

The Builders' Risk Insurance policy shall cover all risks in completed value form. Such policy shall cover the total value of work for the Project, (or such portion of the work as may be designated by the City), as well as the value of any equipment, supplies and/or materials for the Project that may be in storage (on or off the Site) or in transit. The policy shall provide coverage for the cost of removing debris, including demolition as may be legally necessary by the operation of any law, ordinance or regulation, and for loss or damage to any owned, borrowed, leased or rented capital equipment, tools, including tools of their agents and employees, staging towers and forms, and property of the City held in their care, custody and control. Such policy shall name as insureds the City, the Contractor and its subcontractors. The Builders' Risk policy shall contain the following endorsements:

- (a) The City and the Contractor shall be named as lose payee for the Work in order of precedence, as their interest may appear; and
- (b) In the event the loss occurs at an occupied facility, the policy shall permit occupancy without the consent of the Insurance Company; and
- (c) In the event that the insurance policy has been issued by a mutual insurance company, the following language shall be included: "The City of New York is not liable for any premium or assessment under this policy of insurance. The First Named Insured is solely liable therefore."

23.1.3 Workers' Compensation Insurance: The Contractor shall provide Workers' Compensation Insurance in accordance with the Laws of the State of New York on behalf of all employees providing services under this contract.

23.1.4 Employers' Liability Insurance: The Contractor shall provide Employers' Liability Insurance in the amount of \$1,000,000 per occurrence. Such policy shall provide compensation due to bodily injury by accident or disease sustained by any employee of the insured arising out of and in the course of his/her employment by the insured.

23.1.5 Automobile Liability Insurance: The Contractor shall provide liability insurance in the amount of \$1,000,000 per occurrence (combined single limit), covering all owned, non-owned and hired vehicles to be used in connection with this contract. Such policy shall name the City of New York as an additional insured thereunder.

23.2 General Requirements for Insurance Policies

23.2.1 All required insurance policies shall be maintained with companies that may lawfully issue the required policy and have an A.M. Best rating of at least A-7 or a Standard and Poor's rating of at least AA, unless prior written approval is obtained from the Mayor's Office of Operations.

23.2.2 All required insurance policies shall be in a form acceptable to the City and shall contain no exclusions or endorsements which are not acceptable to the City.

23.2.3 The omission of any endorsements or clauses required by this Article 23 will be considered cause for rejection of the policy.

23.2.4 All required policies shall be endorsed to provide as follows: "This policy shall not be canceled, terminated, modified or changed by the Insurance Company unless at least thirty (30) Days prior written notice is sent to the Named Insured by Certified Mail and also sent by Registered Mail to both the Commissioner and to Comptroller's Office, attn: Office of Contract Administration, Municipal Building, Room 835, New York, New York 10007."

23.2.5 The Contractor shall be solely responsible for the payment of all premiums for all required policies and all deductibles to which such policies are subject, whether or not the City of New York is an insured under the policy.

23.3 Proof of Insurance

23.3.1 Within ten (10) Days of advice of award, the Contractor shall, for each policy required under this Contract (other than builders risk insurance), file a Certificate of Insurance with the Commissioner. Such certificates shall certify insurance coverage in all ways in conformance with this article and shall include the following text: "The above-named broker/producer represents and warrants to the City that it is an Additional Insured under the insurance policies listed herein and that such policies are in full compliance with the Contract, including Article 23."

23.3.2 If the Contractor is required to provide builders' risk insurance, it shall file a Certificate of Insurance with the Commissioner as directed, but in any event no later than ten (10) Days prior to commencement of the Work. Within a reasonable time after filing the Certificate of Insurance, the Contractor shall furnish an original and a copy of the Builders' Risk policy, if required. The policy shall be stamped PAID, or receipted bills demonstrating payment of premiums shall be submitted with the policy.

23.3.3 Certificates confirming renewals of insurance shall be submitted not less than thirty (30) days prior to the expiration date of coverage until all operations under this contract are deemed completed.

23.3.4 Pursuant to Sections 57 and 220 of the New York State Workers' Compensation Law, the Contractor has submitted proof of workers' compensation and disability benefits coverage to the Department.

23.4 Operations at the Site

23.4.1 The Contractor shall not commence any operations at the site or adjacent thereto unless and until all required insurance has been submitted to and accepted by the Commissioner.

23.4.2 The Contractor shall be responsible for providing continuous insurance coverage as required by this contract and shall be authorized to work at the site only during the effective period of all required coverage.

23.4.3 In the event that any of the required insurance policies lapse, are revoked, suspended or otherwise terminated, for whatever cause, the Contractor shall immediately stop all work at the site, and shall not recommence work at the site until authorized in writing to do so by the Commissioner. Upon quitting the site, the Contractor shall leave all plant, materials, equipment, tools and supplies on the site. Contract time shall continue to run during such periods and no extensions of time will be granted. Furthermore, the Commissioner may declare the Contractor in default for failure to maintain required insurance.

23.4.4 The Contractor shall promptly notify the Commissioner of any accidents causing bodily injury or property damage arising in the course of operations under the contract.

23.5 Indemnification

23.5.1 If the persons or property of the City or of others sustains loss, damage or injury as a result of the operations of the Contractor or his subcontractors in the performance of this contract, or from his or their failure to comply with any of the provisions of this contract, or of law, the Contractor shall indemnify and hold the City harmless from any and all costs and expenses which the City may be subjected to or which it may suffer or incur by reason thereof.

23.5.2 The Contractor shall indemnify and hold the City of New York harmless from any and all claims or

judgments for damages and from costs and expenses to which the City may be subjected or which it may suffer or incur by reason of the Contractor's failure to comply with the insurance provisions of this contract.

ARTICLE 24 - MONEY RETAINED AGAINST CLAIMS

24.1 If any claim shall be made by any person, firm or corporation against the City or against the Contractor and the City: (1) for an alleged loss, damage or injury of the kind referred to in Article 15 hereof which, in the opinion of the Comptroller, may not be covered by the general liability insurance policy, or, which, together with previously filed claims, is in excess of the amount payable under such policies; or (2) for an infringement of copyrights or patents or use of patented articles, tools, etc.; or (3) for damage claimed to have been caused directly or indirectly by the failure of the Contractor to perform the Work in strict accordance with this Contract: the amount of such claim, or so much thereof as he may deem necessary, may be withheld by the Comptroller, as security against such claim, from any money due hereunder, until such time as the commencement of an action thereon would be barred by law or until final adjudication of such action by a Court of competent jurisdiction. The Comptroller, in his discretion, may permit the Contractor to substitute other satisfactory security in lieu of the moneys so withheld.

24.2 If no action is commenced upon such claim within the time limited thereof by law, the Comptroller, upon written demand by the Contractor, shall return the amount so withheld without interest.

24.3 If an action on such claim is timely commenced and the liability of the City, or the Contractor, or both, shall have been established therein by a final judgment of a Court of competent jurisdiction, or if such claim shall have been admitted by the Contractor to be valid, the Comptroller shall pay such judgment or admitted claim out of the moneys retained by him under the provisions of this Article, and return the balance, if any, without interest, to the Contractor.

24.4 Liens: If any time before or within thirty days after the whole Work herein agreed to be performed, is completed and accepted by the City, any persons claiming to have performed any labor or furnished any material toward the performance or completion of this Agreement shall file with the Department and with the Commissioner of Finance of the City any notice as is described in the Lien Law, or any act of the Legislature of the State of New York, the City shall retain, from the moneys due or to become due under this Agreement, so much of such moneys as shall be sufficient to pay the amount claimed in said notice, together with the reasonable costs of any action or actions brought or that may be brought to enforce such Lien. The moneys so retained shall be held by the City until the Lien thereon created by the said act and the filing of the said notice shall be discharged pursuant to law.

ARTICLE 25 - MAINTENANCE AND GUARANTY

25.1 The Contractor must promptly repair, replace, restore or rebuild, as the Commissioner may determine, any finished Work in which defects of materials or workmanship may appear or to which damage may occur because of such defects, during the one-year period subsequent to the date of Substantial Completion of the Work required hereunder, except where other periods of maintenance and guarantee are provided for.

25.2 As security for the faithful performance of its obligations hereunder, the Contractor, upon filing his requisition for the Substantial Completion payment hereunder, shall deposit with the Commissioner a sum equal to 1% of the value of the construction Work certified for payment in cash or certified check upon a state or national bank and trust company or a check of such bank and trust company signed by a duly authorized officer thereof and drawn to the order of the Comptroller; or obligations of the City of New York, which the Comptroller may approve as of equal value with the sum so required.

25.3 In lieu of the above, the Contractor may make such security payment to the City by authorizing the Commissioner in writing to deduct the amount from the Substantial Completion payment hereunder, which shall be deemed the deposit required above.

25.4 If the Contractor has faithfully performed all his obligations hereunder, the Commissioner shall so certify to the Comptroller within five (5) days after the expiration of one (1) year from the date of Substantial Completion of the Work required hereunder. The sum shall be repaid to the Contractor without interest within thirty (30) days after certification by the Commissioner to the Comptroller that the Contractor has faithfully performed all his obligations hereunder.

25.5 Notice by the Commissioner to the Contractor to repair, replace, rebuild or restore such defective or damaged Work shall be timely if given not later than ten (10) days subsequent to the expiration of the one-year period or other periods provided herein.

25.6 If the Contractor shall fail to repair, rebuild or restore such defective or damaged Work promptly after receiving such notice, the Commissioner shall have the right to have the Work done by others and to deduct the cost thereof from the amount so deposited hereunder. The balance, if any, shall be returned to the Contractor without interest. If the amount so deposited be insufficient to cover the cost of such work, the Contractor shall be liable to pay such deficiency on demand by the Commissioner.

25.7 The Commissioner's Representative certificate setting forth the fair and reasonable cost of repairing, replacing, rebuilding or restoring any damaged or defective Work when performed by one other than the Contractor shall be binding and conclusive as to the amount thereof upon the Contractor.

25.8 The Contractor shall obtain all manufacturer's warranties and guaranties of all equipment and materials required by this Agreement in the name of the City of New York and shall deliver same to the City.

ARTICLE 26 - CONTRACT CHANGES

26.1 Changes may be made to this Contract only as duly authorized by the Agency Chief Contracting Officer or his or her designee. Contractors deviating from the requirements of an original purchase order or contract without a duly approved change order document, or written contract modification or amendment, do so at their own risk. All such changes, modifications and amendments will become a part of the original Contract. Work so ordered must be performed by the Contractor.

26.2 Contract changes will be made only for Work necessary to complete the Work included in the original scope of the Contract, and for non-material changes to the scope of the Contract. Changes are not permitted for any material alteration in the scope of the Project. Contract changes may include any contract revision deemed necessary by the Contracting Officer. The Contractor may be entitled to a price adjustment for extra work performed pursuant to a written change order. If any part of the Contract Work is necessarily delayed by a change order, the Contractor may be entitled to an extension of time for performance. Adjustments to price shall be computed in one or more of the following ways: (1) by agreement of a fixed price; (2) by unit prices specified in the contract; (3) by time and material record; and/or (4) in any other manner approved by the City Chief Procurement Officer.

26.3 Where the cost of the change order has been negotiated in the absence of established cost history, the costs are subject to verification.

26.4 All payments for change orders are subject to pre-audit by the Engineering Audit Officer and may be post-audited by the Comptroller. If the audits reveal that the Contractor's costs for the change order work were inaccurately stated during negotiations, the Agency shall recoup the amount by which the costs were inaccurately stated by proportionately reducing the price of the change order. This remedy is not exclusive and in addition to all other rights and remedies of the City.

ARTICLE 27 - AUDIT AND EXAMINATION

27.1 This Contract and all payments hereunder shall be subject to examination by the Engineering Audit Officer of DDC and post-audit by the Comptroller of the City of New York in accordance with Law.

ARTICLE 28 - METHODS OF PAYMENT FOR EXTRA WORK

28.1 Extra Work: The price to be paid for Extra Work ordered pursuant to Article 26, and performed by the Contractor's subcontractor with its own forces, shall be as set forth herein. For Extra Work where payment is by agreement on a fixed price in accordance to Article 26.2, the price to be paid for such Extra Work shall be the fair and reasonable cost of the items set forth below. For Extra Work where payment is on a time and material basis in accordance with Article 26.2, the price to be paid for such Extra Work shall be the actual and reasonable cost of the

items set forth below.

28.1.1 Necessary materials (including transportation to the Site);

28.1.2 Necessary direct labor, the cost of which shall be comprised of the items set forth below:

- (a) prevailing wages and supplemental benefits, as defined in Labor Law Section 220
- (b) Payroll Taxes, defined as State Unemployment Insurance (“SUI”), Federal Unemployment Insurance (“FUI”) and payments pursuant to the Federal Insurance Contributions Act (“FICA”)
- (c) workers’ compensation insurance, as set forth in Article 10.2.2(e) of this Contract. The cost of workers’ compensation insurance shall be based upon the average rate for such insurance for the applicable class(es) of labor, in accordance with the most recent schedule promulgated by the New York State Workers’ Compensation Board.

28.1.3 Sales and personal property taxes, if any, required to be paid on materials not incorporated into such Extra Work;

28.1.4 Maintenance, operation and rental of, or reasonable rental value of subcontractor-owned, necessary plant and equipment other than small tools. Subcontractor-owned equipment is defined to include equipment rental companies affiliated with or controlled by the subcontractor, as determined by the Commissioner. Payment rates for the use of subcontractor-owned plant and equipment shall be in accordance with the provisions of Joint Directive No. 1 issued by the Mayor’s Office of Construction and the Comptroller. The applicable directive shall be that in effect at the time of the bid opening for the subcontract;

28.1.5 Necessary installation and dismantling of such plant and equipment (including transportation to and from the Site), if any;

28.1.6 Reasonable rental costs of non-subcontractor-owned necessary plant and equipment other than small tools. In no event shall the amount paid to the subcontractor for such rental exceed the lower of the actual value of such equipment or the book value of such equipment;

28.1.7 Any insurance coverage expressly required by the City for the performance of the Extra Work which is different than the types of insurance required by Article 10.2.2(e), other than workers’ compensation insurance;

28.1.8 Twenty (20%) percent of the total of items in Articles 28.1.1 through 28.1.5 as compensation for overhead and profit, except that no percentage for overhead and profit will be allowed on (a) Payroll Taxes, (b) workers’ compensation insurance, (c) the premium portion of overtime pay, and/or (d) sales and personal property taxes. Overhead shall include without limitation, all costs and expenses in connection with administration, management superintendence, small tools, insurance required by Article 10.2.2(e), other than worker’s compensation insurance, and performance and payment bonds;

28.1.9 Five (5%) percent of the total of items in Article 28.1.6 and 28.1.7 as compensation for overhead and profit.

28.2 Where the Extra Work is performed in whole or in part by other than the subcontractor's own forces, the subcontractor shall be paid, subject to audit by the Engineering Audit Officer, the cost of such Work computed in accordance with Article 28.1 above, plus an additional allowance of five (5%) percent to cover the subcontractor's overhead and profit.

28.3 Where a change is ordered, involving both Extra Work and omitted or reduced subcontract Work, the subcontract price shall be adjusted, subject to audit by the EAO, in an amount based on the difference between the cost of such Extra Work and of the omitted or reduced Work. The cost of such Extra Work and of such omitted or reduced Work shall be computed based upon applicable subcontract unit prices. Where there are no applicable subcontract unit prices, the cost of such Extra Work and of such omitted or reduced subcontract Work shall be computed in accordance with the Articles 28.1.1 through 28.1.7. If the cost of such Extra Work exceeds the costs of such omitted or reduced subcontract Work, the subcontract price shall be increased by the difference, plus percentages for overhead and profit as

provided in Articles 28.1.8 and 28.1.9. If the cost of the omitted or reduced subcontract Work exceeds the cost of the Extra Work, then the subcontract price shall be reduced by the difference.

28.5 Where the Contractor and the Commissioner can agree upon another method of payment for Extra Work in accordance with Article 26.2, or for Extra Work ordered in connection with omitted work, such method, subject to audit by the EAO, may, at the option of the Commissioner, be substituted for the cost plus a percentage method; provided in Article 28.1; provided, however, that if the Extra Work is performed by a sub-subcontractor engaged by a subcontractor, the subcontractor shall not be entitled to receive more than an additional allowance of five (5%) percent for overhead and profit over the cost of such sub-subcontractor's Work as computed in accordance with Article 28.1.

28.6 Unless the parties agree on a lump sum payment for Extra Work, requests for payment for Extra Work performed by construction Subcontractors shall be accompanied by signed time sheets, documenting by date the actual hours worked by specific personnel for whom payment is requested, and any other data as may be requested by the Commissioner.

28.7 The Contractor shall not be entitled to any mark-up whatsoever on payments for Extra Work ordered pursuant to Article 26 hereof performed by Subcontractors.

28.8 Overrun of Unit Price Item: The provisions set forth below shall apply to overruns of unit price items which the Contractor, through its subcontractor, is directed to provide. An overrun is any quantity of a unit price item which the Contractor, through its subcontractor, is directed to provide which is in excess of one hundred twenty five (125%) percent of the estimated quantity for that item set forth in the bid schedule.

28.8.1 For any unit price item, the Contractor's subcontractor will be paid at the unit price bid for any quantity up to one hundred twenty five (125%) percent of the estimated quantity for that item set forth in the bid schedule. If during the progress of the Work, the actual quantity of any unit price item required to complete the Work approaches the estimated quantity for that item, and due to errors, site conditions, changes in design, or any other reason, it appears that the actual quantity of any unit price item necessary to complete the Work will exceed the estimated quantity for that item by twenty-five (25%) percent, the Contractor shall immediately notify the Commissioner's Representative of such anticipated overrun. The Contractor's subcontractor shall not be compensated for any quantity of a unit price item provided which is in excess of one hundred twenty five (125%) percent of the estimate quantity for that item set forth in the bid schedule without written authorization from the Commissioner's Representative.

28.8.2 If the actual quantity of any unit price item necessary to complete the Work will exceed one hundred twenty five (125%) percent of the estimated quantity for that item set forth in the bid schedule, the City reserves the right and the Contractor, through its subcontractor, agrees to negotiate a new unit price for such item. In no event shall such negotiated new price exceed the unit bid price. If the City and Contractor, through its subcontractor, cannot agree on a new unit price, then the City shall order the Contractor and the Contractor, through its subcontractor agrees to provide additional quantities of the item on a time and material basis for the actual and reasonable cost as determined under Article 28.1, but in no event at a unit price exceeding the unit price bid.

ARTICLE 29 - RESOLUTION OF DISPUTES

1. All disputes between the City and the Contractor of the kind delineated in this Article that arise under, or by virtue of, this Contract shall be finally resolved in accordance with the provisions of this article and the PPB Rules. This procedure for resolving disputes of the kind delineated herein shall be the exclusive means of resolving such disputes.

- (a) This Article shall not apply to disputes concerning matters dealt with in other sections of the PPB Rules, or to disputes involving patents, copyrights, trademarks, or trade secrets (as interpreted by the courts of New York State) relating to proprietary rights in computer software.
- (b) This Article shall apply only to disputes about the scope of work delineated by the Contract, the interpretation of Contract documents, the amount to be paid for extra work or disputed work performed in connection with the Contract, the conformity of the Contractor's work to the Contract, and the acceptability and quality of the

Contractor's work; such disputes arise when the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner makes a determination with which the Contractor disagrees.

2. All determinations required by this Article shall be made in writing, clearly stated, with a reasoned explanation for the determination based on the information and evidence presented to the party making the determination. Failure to make such determination within the time required by this Article shall be deemed a non-determination without prejudice that will allow application to the next level.
3. During such time as any dispute is being presented, heard, and considered pursuant to this Article, the Contract terms shall remain in force and effect and the Contractor shall continue to perform Work as directed by the ACCO or the Engineer. Failure of the Contractor to continue Work as directed shall constitute a waiver by the Contractor of its claim.
4. Presentation of Dispute to Commissioner.
 - (a) Notice of Dispute and Agency Response. The Contractor shall present its dispute in writing ("Notice of Dispute") to the Commissioner within thirty (30) days of receiving written notice of the determination or action that is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the Contract. The Notice of Dispute shall include all the facts, evidence, documents, or other basis upon which the Contractor relies in support of its position, as well as a detailed computation demonstrating how any amount of money claimed by the Contractor in the dispute was arrived at. Within thirty (30) days after receipt of the detailed written submission comprising the complete Notice of Dispute, the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner, shall submit to the Commissioner all materials he or she deems pertinent to the dispute. Following initial submissions to the Commissioner, either party may demand of the other the production of any document or other material the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant materials that are not otherwise protected by a legal privilege recognized by the courts of New York State. Any question of relevancy shall be determined by the Commissioner shall be final. Willful failure of the Contractor to produce any requested material whose relevancy the Contractor has not disputed, or whose relevancy has been affirmatively determined, shall constitute a waiver by the Contractor of its claim.
 - (b) Commissioner Inquiry. The Commissioner shall examine the material and may, in his or her discretion, convene an informal conference with the Contractor, the ACCO, the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner, to resolve the issue by mutual consent prior to reaching a determination. The Commissioner may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any such additional material from either or both parties as he or she deems fit. The Commissioner's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the Commissioner participated therein. The Commissioner may or, at the request of any party to the dispute, shall compel the participation of any other contractor with a contract related to the work of this Contract and that contractor shall be bound by the decision of the Commissioner. Any contractor thus brought into the dispute resolution proceeding shall have the same rights and obligations under this Article as the Contractor initiating the dispute.
 - (c) Commissioner Determination. Within thirty (30) days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Commissioner shall make his or her determination and shall deliver or send a copy of such determination to the Contractor, the ACCO and the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner, as applicable, together with a statement concerning how the decision may be appealed.
 - (d) Finality of Commissioner Decision. The Commissioner's decision shall be final and binding on all parties, unless presented to the Contract Dispute Resolution Board ("CDRB") pursuant to this Article. The City may not take a petition to the CDRB. However, should the Contractor take such a petition, the City may seek, and the CDRB may render, a determination less favorable to the Contractor and more favorable to the City than the decision of the Commissioner.

5. Presentation of Dispute to the Comptroller. Before any dispute may be brought by Contractor to the CDRB, the Contractor must first present its claim to the Comptroller for his or her review, investigation, and possible adjustment.

- (a) Time, Form, and Content of Notice. Within thirty (30) days of receipt of a decision by the Commissioner, the Contractor shall submit to the Comptroller and to the Commissioner a Notice of Claim regarding its dispute with the Agency. The Notice of Claim shall consist of (i) a brief written statement of the substance of the dispute, the amount of money, if any, claimed and the reason(s) the Contractor contends the dispute was wrongly decided by the Commissioner; (ii) a copy of the decision of the Commissioner, and (iii) a copy of all materials submitted by the Contractor to the Agency, including the Notice of Dispute. The Contractor may not present to the Comptroller any material not presented to the Commissioner, except at the request of the Comptroller.
- (b) Agency Response. Within thirty (30) days of receipt of the Notice of Claim, the Agency shall make available to the Comptroller a copy of all material submitted by the Agency to the Commissioner in connection with the dispute. The Agency may not present to the Comptroller any material not presented to the Commissioner, except at the request of the Comptroller.
- (c) Comptroller Investigation. The Comptroller may investigate the claim in dispute and, in the course of such investigation, may exercise all powers provided in sections 7-201 and 7-203 of the New York City Administrative Code. In addition, the Comptroller may demand of either party, and such party shall provide, whatever additional material the Comptroller deems pertinent to the claim, including original business records of the Contractor. Willful failure of the Contractor to produce within fifteen (15) days any material requested by the Comptroller shall constitute a waiver by the Contractor of its claim. The Comptroller may also schedule an informal conference to be attended by the Contractor, Agency representatives, and any other personnel desired by the Comptroller.
- (d) Opportunity of Comptroller to Compromise or Adjust Claim. The Comptroller shall have forty-five (45) days from his or her receipt of all materials referred to in 5(c) to investigate the disputed claim. The period for investigation and compromise may be further extended by agreement between the Contractor and the Comptroller, to a maximum of ninety (90) days from the Comptroller's receipt of all the materials. The Contractor may not present its petition to the CDRB until the period for investigation and compromise delineated in this paragraph has expired. In compromising or adjusting any claim hereunder, the Comptroller may not revise or disregard the terms of the contract between the parties.

6. Contract Dispute Resolution Board. There shall be a Contract Dispute Resolution Board composed of:

- (a) the chief administrative law judge of the Office of Administrative Trials and Hearings ("OATH") or his/her designated OATH administrative law judge, who shall act as chairperson, and may adopt operational procedures and issue such orders consistent with this section as may be necessary in the execution of the CDRB's functions, including, but not limited to, granting extensions of time to present or respond to submissions;
- (b) the City Chief Procurement Officer ("CCPO") or his/her designee; any designee shall have the requisite background to consider and resolve the merits of the dispute and shall not have participated personally and substantially in the particular matter that is the subject of the dispute or report to anyone who so participated, and
- (c) a person with appropriate expertise who is not an employee of the City. This person shall be selected by the presiding administrative law judge from a prequalified panel of individuals, established and administered by OATH, with appropriate background to act as decision-makers in a dispute. Such individuals may not have a contract or dispute with the City or be an officer or employee of any company or organization that does, or regularly represent persons, companies, or organizations having disputes with the City.

7. Petition to CDRB. In the event the claim has not been settled or adjusted by the Comptroller within the period provided in this section, the Contractor, within thirty (30) days thereafter, may petition the CDRB to review the Commissioner's determination.

- (a) Form and Content of Petition by Contractor. The Contractor shall present its dispute to the CDRB in the form of a Petition, which shall include (i) a brief written statement of the substance of the dispute, the amount of money, if any, claimed, and the reason(s) the Contractor contends that the dispute was wrongly decided by the Commissioner; (ii) a copy of the written decision of the Commissioner; (iii) copies of all materials submitted by the Contractor to the Agency; (iv) a copy of the written decision of the Comptroller, if any, and (v) copies of all correspondence with, and material submitted by the Contractor to, the Comptroller's Office. The Contractor shall concurrently submit four complete sets of the Petition: one to the Corporation Counsel (Attn: Commercial and Real Estate Litigation Division), and three to the CDRB at OATH's offices, with proof of service on the Corporation Counsel. In addition, the Contractor shall submit a copy of the statement of the substance of the dispute, cited in (i) above, to both the Commissioner and the Comptroller.
- (b) Agency Response. Within thirty (30) days of receipt of the Petition by the Corporation Counsel, the Agency shall respond to the statement of the Contractor and make available to the CDRB all material it submitted to the Commissioner and Comptroller. Three complete copies of the Agency response shall be submitted to the CDRB at OATH's offices and one to the Contractor. Extensions of time for submittal of the Agency response shall be given as necessary upon a showing of good cause or, upon the consent of the parties, for an initial period of up to thirty (30) days.
- (c) Further Proceedings. The CDRB shall permit the Contractor to present its case by submission of memoranda, briefs, and oral argument. The CDRB shall also permit the Agency to present its case in response to the Contractor by submission of memoranda, briefs, and oral argument. If requested by the Corporation Counsel, the Comptroller shall provide reasonable assistance in the preparation of the Agency's case. Neither the Contractor nor the Agency may support its case with any documentation or other material that was not considered by the Comptroller, unless requested by the CDRB. The CDRB, in its discretion, may seek such technical or other expert advice as it shall deem appropriate and may seek, on its own or upon application of a party, any such additional material from any party as it deems fit. The CDRB, in its discretion, may combine more than one dispute between the parties for concurrent resolution.
- (d) CDRB Determination. Within forty-five (45) days of the conclusion of all submissions and oral arguments, the CDRB shall render a written decision resolving the dispute. In an unusually complex case, the CDRB may render its decision in a longer period of time, not to exceed ninety (90) days, and shall so advise the parties at the commencement of this period. The CDRB's decision must be consistent with the terms of the Contract. Decisions of the CDRB shall only resolve matters before the CDRB and shall not have precedential effect with respect to matters not before the CDRB.
- (e) Notification of CDRB Decision. The CDRB shall send a copy of its decision to the Contractor, the ACCO, the Engineer, the Comptroller, the Corporation Counsel, the CCPO, and the PPB. A decision in favor of the Contractor shall be subject to the prompt payment provisions of the PPB Rules. The Required Payment Date shall be thirty (30) days after the date the parties are formally notified of the CDRB's decision.
- (f) Finality of CDRB Decision. The CDRB's decision shall be final and binding on all parties. Any party may seek review of the CDRB's decision solely in the form of a challenge, filed within four months of the date of the CDRB's decision, in a court of competent jurisdiction of the State of New York, County of New York pursuant to Article 78 of the Civil Practice Law and Rules. Such review by the court shall be limited to the question of whether or not the CDRB's decision was made in violation of lawful procedure, was affected by an error of law, or was arbitrary and capricious or an abuse of discretion. No evidence or information shall be introduced or relied upon in such proceeding that was not presented to the CDRB in accordance with this Article.

8. Any termination, cancellation, or alleged breach of the Contract prior to or during the pendency of any proceedings pursuant to this Article shall not affect or impair the ability of the Commissioner or the CDRB to make a binding and final decision pursuant to this Article.

ARTICLE 30 – RECORD KEEPING FOR EXTRA OR DISPUTED WORK

30.1 While the Contractor or any of its Subcontractors is performing Extra Work on a Time and Material Basis ordered by the Commissioner under Article 28, or is performing disputed Work, or complying with a determination or order under protest in accordance with Article 29 hereof, in each such case the Contractor shall furnish the Commissioner's Representative daily with three (3) copies of written statements signed by the Contractor's representative at the Site showing:

30.1.1 The name and number of each Worker employed on such Work or engaged in complying with such determination or order, the number of hours employed, and the character of the Work each is doing; and

30.1.2 The nature and quantity of any materials, plant and equipment furnished or used in connection with the performance of such Work or compliance with such determination or order, and from whom purchased or rented.

30.2 A copy of such statement will be countersigned by the Commissioner's Representative, noting thereon any items not agreed to or questioned, and will be returned to the Contractor within two (2) Days after submission.

30.3 The Contractor and its Subcontractors, when required by the Commissioner, or the Comptroller, shall also produce for inspection, at the office of the Contractor or Subcontractor, any and all of its books, bid documents, financial statements, vouchers, records, daily job diaries and reports, and canceled checks, and any other documents relating to showing the nature and quantity of the labor, materials, plant and equipment actually used in the performance of such Work, or in complying with such determination or order, and the amounts expended therefor, and shall permit the Commissioner and the Comptroller to make such extracts therefrom, or copies thereof, as they or either of them may desire.

30.4 In connection with the examination provided for herein, the Commissioner, upon demand therefor, will produce for inspection by the Contractor such records as the Agency may have with respect to such Extra or disputed Work performed under protest pursuant to order of the Commissioner, except those records and reports which may have been prepared for the purpose of determining the accuracy and validity of the Contractor's claim.

30.5 Failure to comply strictly with these requirements shall constitute a waiver of any claim for extra compensation or damages on account of the performance of such Work or compliance with such determination or order.

ARTICLE 31 - OMITTED WORK

31.4.1 Payment for such material and/or equipment shall be in accordance with Article 28, subject to the

following modification. For the purpose of payment hereunder, the percentage for overhead and profit set forth in Article 28.1.8 shall be reduced from twenty (20%) percent to five (5%) percent.

31.5 The Contractor and its subcontractors agree to make no claim for damages or for loss of overhead and profit with regard to any omitted Work.

35.1 The Contractor and its Subcontractors shall not employ on the Work:

35.1.1 anyone who is not competent, faithful and skilled in the Work for which he shall be employed; and whenever the Commissioner shall inform the Contractor, in writing, that any employee is, in his opinion, incompetent, unfaithful or disobedient, he shall be discharged from the Work forthwith, and shall not again be employed upon it; or

35.1.2 any labor, materials or means whose employment, or utilization during the course of this Agreement, may tend to or in any way cause or result in strikes, Work stoppages, delays, suspension of Work or similar troubles by workers employed by the Contractor or his Subcontractors, or by any of the trades working in or about the buildings and premises where Work is being performed under this Agreement, or by other contractors or their subcontractors pursuant to other contracts, or on any other building or premises owned or operated by the City of New York, its agencies, departments, boards or authorities. Any violation by the Contractor of this requirement may, upon certification of the Commissioner, be considered as proper and sufficient cause for terminating the Contractor for cause and taking such action as set forth in Article 46 hereof, or such other action as the Commissioner may deem proper; or

35.1.3 in accordance with Section 220.3.e of the New York State Labor Law, any apprentice, unless he is

ARTICLE 37 - EQUAL EMPLOYMENT OPPORTUNITY

37.1 This Contract is subject to the requirements of Executive Order No. 50 (1980) as revised ("E.O. 50") and the Rules and Regulations promulgated thereunder. No contract will be awarded unless and until these requirements have been complied with in their entirety. By signing this contract, the Contractor agrees that:

37.1.1 The Contractor will not engage in any unlawful discrimination against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability, marital status, sexual orientation or citizenship status with respect to all employment decisions including, but not limited to, recruitment, hiring, upgrading, demotion, downgrading, transfer, training, rates of pay or other forms of compensation, layoff, termination, and all other terms and conditions of employment;

37.1.2 When it subcontracts, the Contractor will not engage in any unlawful discrimination in the selection of subcontractors on the basis of the owners', partners' or shareholders' race, color, creed, national origin, sex, age, disability, marital status, sexual orientation or citizenship status;

37.1.3 The Contractor will state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that all qualified applicants will receive consideration for employment without regard to race, creed, color, national origin, sex, age, disability, marital status, sexual orientation or citizenship, or that it is an equal employment opportunity employer;

37.1.4 The Contractor will send to each labor organization or representative or workers with which it has a collective bargaining agreement or other contract or memorandum of understanding, written notification of its equal employment opportunity commitments under E. O. 50 and the rules and regulations promulgated thereunder; and

37.1.5 The Contractor will furnish all information and reports including an Employment Report before the award of the contract which are required by E. O. 50, the rules and regulations promulgated thereunder, and orders of the Director of the Office of Labor Services ("DLS"), and will permit access to its books, records and accounts by DLS for the purposes of investigation to ascertain compliance with such rules, regulations, and orders.

37.2 The Contractor understands that in the event of its noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, such noncompliance shall constitute a material breach of the contract and noncompliance with the E. O. 50 and the rules and regulations promulgated thereunder. After a hearing held pursuant to the rules of DLS, the Director of DLS may direct the imposition by the Commissioner of any or all of the following sanctions:

- 37.2.1 disapproval of the Contractor;
- 37.2.2 suspension or termination of the contract;

The Director of the DLS may recommend to the Department head that a Board of Responsibility be convened for purposes of declaring a contractor who has repeatedly failed to comply with E.O. 50 and the rules and regulations promulgated thereunder to be nonresponsible

37.3 The Contractor agrees to include the provisions of the foregoing paragraphs in every subcontract in the amount of \$750,000 or more to which it becomes a party, unless exempted by E. O. 50 and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each subcontractor. The Contractor will take such action with respect to any subcontract as may be directed by the Director of DLS as a means of enforcing such provisions, including sanctions for noncompliance.

37.4 The Contractor further agrees that it will refrain from entering into any contract or contract modification subject to E. O. 50 and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E. O. 50 and the rules and regulations promulgated thereunder.

ARTICLE 38 - LABOR LAW REQUIREMENTS

38.1 The Contractor must strictly comply with all applicable provisions of the New York State Labor Law, including amendments thereto, and the provisions of Section 6-109 of the New York City Administrative Code, as amended. The Contractor and its Subcontractors shall keep and submit to the Commissioner's Representative daily sign-in sheets which include the following information: (1) Contractor name, address and telephone number; (2)

Subcontractor name, address and telephone number; (3) employee's name, social security number, and job classification, and (4) employees' signature.

38.1.1 HOURS OF WORK: No laborer, worker or mechanic in the employ of the Contractor, Subcontractor or other person doing or contracting to do the whole or a part of the Work contemplated by this Agreement shall be permitted or required to work more than eight hours in any one calendar day, or more than five days in any one week, except in cases of extraordinary emergency including fire, flood or danger to life or property, or in case of national emergency when so proclaimed by the President of the United States of America, or in any other case provided by law. In situations in which there are not sufficient laborers, workmen and mechanics who may be employed to carry on expeditiously the Work contemplated by this Agreement as a result of such restrictions upon the number of hours and days of labor, and the immediate commencement or prosecution or completion without undue delay of the Work is necessary for the preservation of the Contract Site and/or for the protection of the life and limb of the persons using the same, such laborers, workers and mechanics shall be permitted or required to Work more than eight hours in any one calendar day; or five days in any one week; provided, however, that upon application of any contractor, the Commissioner shall have first certified to the Commissioner of Labor of the State of New York that such public Work is of an important nature and that a delay in carrying it to completion would result in serious disadvantage to the public; and provided, further, that such Commissioner of Labor shall have determined that such an emergency does in fact exist as provided in Subdivision two of Section 220 of the Labor Law. Failure of the Commissioner to make such certification to the Commissioner of Labor shall not entitle the Contractor to damages for delay or for any cause whatsoever.

38.1.2 WORKING CONDITIONS: No part of the Work, labor or services shall be performed or rendered by the Contractor in any plants, factories, buildings or surroundings or under working conditions which are unsanitary or hazardous or dangerous to the health and safety of employees engaged in the performance of the Agreement. Compliance with the safety, sanitary and factory inspection laws of the state in which the Work is to be performed shall be prima facie evidence of compliance with this paragraph.

38.1.3 PREVAILING RATE OF WAGES: The wages to be paid for a legal day's Work to laborers, workers or mechanics employed upon the Work contemplated by this Agreement or upon any materials to be used thereon shall not be less than the "prevailing rate of wage" as defined in Section 220 of the Labor Law, and as fixed by the Comptroller in the attached Schedule of Wage Rates and in updated schedules thereof. The prevailing wage rates and supplemental benefits to be paid are those in effect at the time the Work is being performed. Request for interpretation or correction includes all requests for clarification of the classification of trades to be employed in the performance of the Work under this Contract. In the event that a trade not listed in the classification of trades required to be used at the time of the award of the Contract is in fact employed during the performance of this Agreement, the Contractor shall be required to obtain from the agency the prevailing wage rates and supplementary benefits for the trades used and to complete the performance of this Contract at the price at which the contract was awarded.

38.1.4 MINIMUM WAGES: In accordance with the provisions of Section 6-109 of the New York City Administrative Code, as amended, except for employees whose wage is required to be fixed pursuant to Section 220 of the Labor Law, all persons employed by the Contractor and any Subcontractor in the manufacture or furnishing of the supplies, materials, or equipment, or the furnishing of Work, labor or services, used in the performance of this Agreement, shall be paid, without subsequent deduction or rebate unless expressly authorized by law, not less than the sum mandated by law.

38.1.5 For any breach or violation of the paragraphs on working conditions and minimum wages above, the party responsible therefor shall be liable to the City for liquidated damages, which may be withheld from any amounts due on any contracts with the City of such party responsible, or may be recovered in suits brought by the Corporation Counsel in the name of the City, in addition to damage for any other breach of this Agreement, a sum equal to the amount of any underpayment of wages due to any employee engaged in the performance of this Agreement. In addition, the Commissioner shall have the right to cancel this Agreement and enter into other contracts for the completion of the original Agreement, with or without public letting, and the original Contractor shall be liable for any additional cost. All sums withheld or recovered as deductions, rebates, refunds, or underpayments of wages hereunder, shall be held in a special deposit account and shall be paid without interest, on order of the Executive Director for Economic Development, directly to the employees who have been paid less than minimum rates of pay as set forth herein and on whose account such sums were withheld or recovered, provided that no claims by employees for such

payments shall be entertained unless made within one year from the date of actual notice to the Contractor of the withholding or recovery of such sums by the City.

38.1.6 In the event of any breach or violation of any of the provisions of this Article 38, and in addition to any other provisions above, pertaining to said breach or violation, no contracts shall be awarded to the Contractor or Subcontractor, as the case may be, or to any firm, corporation, partnership or association in which the Contractor or Subcontractor has a controlling interest until three years have elapsed from the date of such breach.

38.1.7 The Contractor and his Subcontractors shall within ten (10) days after mailing of a Notice of Award or written order, post in prominent and conspicuous places in each and every plant, factory, building and structure where employees of the Contractor and his Subcontractors engaged in the performance of this Agreement are employed, notices furnished by the City, in relation to prevailing wages and supplements, minimum wages and other stipulations contained in Section 6-109 of the Administrative Code of the City of New York, and the Contractor and his Subcontractors shall continue to keep such notices posted in such prominent and conspicuous places until final acceptance of the supplies, materials, equipment, or Work, labor or services required to be furnished or rendered under this Agreement.

38.1.8 The Contractor and his Subcontractors shall keep such employment records as are required by Section 6-109 of the Administrative Code and the Rules of the Procurement Policy Board.

38.1.9 In all orders or contracts by the Contractor to the Subcontractor for; (a) manufacturing or furnishing any of the supplies, materials, or equipment required under the Agreement; (b) furnishing any of the Work, labor or services required under the Agreement, the Contractor shall insert a notice to the Subcontractor to the effect that such supplies, materials, equipment or Work, labor or services are for the City of New York and that the Subcontractor is subject to the provisions of Section 6-109 of the New York City Administrative Code.

38.1.10 At the time the Contractor makes application for each partial payment and for final payment, the Contractor shall submit to the Commissioner a written certification of compliance with the prevailing wage, minimum wage and other provisions and stipulations required by Section 220 of the New York State Labor Law and Section 6-109 of the Administrative Code of the City of New York. Compliance with the provisions of this paragraph shall be a condition precedent to payment, and no payment shall be made to the Contractor unless and until each such certification shall have been submitted to and received by the Commissioner.

38.1.11 This Agreement is executed by the Contractor with the express warranty and representation that the Contractor is not disqualified under the provisions of Section 6-109 of the Administrative Code for the award of the Agreement.

38.1.12 Any breach or violation of any of the foregoing shall be deemed a breach or violation of a material provision of this Agreement, and grounds for cancellation thereof by the City.

38.2 The Contractor shall include the provisions entitled PREVAILING WAGE ENFORCEMENT (Paragraphs A through H) set forth below in all subcontracts for construction Work hereunder.

PREVAILING WAGE ENFORCEMENT: Wherever the City is referred to in this Article, such reference shall be revised to read "the City, acting through the CM."

(A) The Contractor agrees to pay for the cost of any investigation conducted by or on behalf of the City which discovers a failure to pay prevailing wages by the Contractor or its Subcontractor(s). The Contractor also agrees, that should it fail or refuse to pay for any such investigation, the City is hereby authorized to deduct from a Contractor's account an amount equal to the cost of such investigation.

(1) The Labor Law Section 220 and Section 220-d, as amended, provide that this Contract may be forfeited and no sum paid for any Work done hereunder on a second conviction for willfully paying less than:

- (a) The stipulated wage scale as provided in Labor Law Section 220.3, as amended, or
- (b) Less than the stipulated minimum hourly wage scale as provided in Labor Law Section 220-d, as

amended.

(2) For any breach or violation of either Working Conditions and Minimum Wages, the party responsible therefore shall be liable to the City for liquidated damages, which may be withheld from any amounts due on any contracts with the City of such party responsible, or may be recovered in suits brought by the Corporation Counsel in the name of the City, in addition to damage for any other breach of this Contract, a sum equal to the amount of any underpayment of wages due to any employee engaged in the performance of this Contract. In addition, the Commissioner shall have the right to cancel contracts and enter into other contracts for the completion of the original Contract, with or without public letting, and the original Contractor shall be liable for any additional cost. All sums withheld or recovered as deductions, rebates, refunds, or underpayment of wages hereunder, shall be held in a special deposit account and shall be paid without interest, on order of the Comptroller, directly to the employees who have been paid less than minimum rates of pay as set forth herein and on whose account such sums were withheld or recovered, provided that no claims by employees for such payments shall be entertained unless made within one (1) year from the date of actual notice to the Contractor of the withholding or recovery of such sums by the City.

(3) A determination by the Comptroller that a Contractor and/or its Subcontractor willfully violated the Labor Law Section 220 will be forwarded to the City's five District Attorneys for review.

(4) The Contractor's or Subcontractor's noncompliance with this Article and the Labor Law Section 220, may result in an unsatisfactory performance evaluation and the Comptroller may also find and determine that the Contractor or Subcontractor willfully violated the New York Labor Law.

- (a) An unsatisfactory performance evaluation for noncompliance with this Article may result in a determination that the Contractor is a non-responsible bidder on subsequent procurements with the City and thus a rejection of a future award of a contract with the City, as well as any other sanctions provided for by the Law.
- (b) The Labor Law Section 220-b, as amended, provides that when two (2) final determinations have been rendered against a Contractor or Subcontractor within any consecutive six (6) year period determining that such Contractor or Subcontractor has willfully failed to pay the prevailing rate of wages or to provide supplements in accordance with the Labor Law and this Article, whether such failures were concurrent or consecutive and whether or not such final determinations concerning separate public work projects are rendered simultaneously, such Contractor or Subcontractor shall be ineligible to submit a bid on or be awarded any public work contract with the City for a period of five (5) years from the second final determination. If the final determination involves the falsification of payroll records or the kickback of wages or supplements, the Contractor or Subcontractor shall be ineligible to submit a bid on or be awarded any public work contract with the City for a period of five (5) years from the first final determination.
- (c) The Labor Law Section 220, as amended, provides that the Contractor or Subcontractor found to have violated this Article may be directed to make payment of wages or supplements including interest found to be due, and the Contractor or Subcontractor may be directed to make payment of a further sum as a civil penalty in an amount not exceeding twenty-five (25%) percent of the total amount found to be due.

(B) The Contractor and its Subcontractors shall within ten (10) Days after mailing of a Notice of Award or written order, post in prominent and conspicuous places in each and every plant, factory, building, and structure where employees of the Contractor and its Subcontractors engaged in the performance of this Contract are employed, notices furnished by the City, in relation to prevailing wages and supplements, minimum wages and other stipulations contained in Section 6-109 of the Administrative Code, and the Contractor and its Subcontractors shall continue to keep such notices posted in such prominent and conspicuous places until Final Acceptance of the supplies, materials, equipment, or work, labor, or services required to be furnished or rendered under this Contract.

(C) The Contractor shall strictly comply with all of the provisions set forth below and provide for all workers, laborers or mechanics in its employ, the following:

The Contractor shall maintain and keep current such notices in a legible manner and shall replace any notice or schedule which is damaged, defaced, illegible or removed for any reason. The Contractor shall post such notices before commencing any Work on the Site and shall maintain such notices until all Work on the Site is complete; and

(2) Daily Site Sign-in Sheets: Maintain daily Site sign-in sheets, which include blank spaces for an employee's name to be both printed and signed, job title, date started and Social Security number, until Final Acceptance of the supplies, materials equipment, or Work, labor, or services to be furnished or rendered under this Contract; and

Worker, laborer or mechanic includes employees of the Contractor and all Subcontractors and all employees of Suppliers entering the Site. Such notice shall be distributed to each worker before he or she starts performing any Work of this Contract. At the time of distribution, the Contractor shall have each worker, laborer or mechanic sign a statement, in a form provided by the Agency, certifying that the worker has received the notice required by this Article, which signed statement shall be maintained with the payroll records required by this Contract; and

(4) Site Laminated Identification Badges: Provide laminated identification badges which indicate the worker's, laborer's or mechanic's name, trade, employer's name and employment starting date (month/day/year). Further, require as a condition of employment on the Site, that each and every worker, laborer or mechanic wear the laminated identification badge at all times and that it may be seen by any representative of the City; and

(5) Language Other Than English Used On Site: Provide the City notice when three (3) or more employees (worker and/or laborer and/or mechanic) on the Site, at any time, speak a language other than English. The City will then provide the Contractor the above described notices in that language or languages as may be required. The Contractor is responsible for all distributions hereunder.

(D) The Contractor and its Subcontractors shall keep such employment records as are required by Section 6-109 of the Administrative Code and the PPB Rules.

(E) In all orders or contracts by the Contractor to the Subcontractor for: (1) manufacturing or furnishing any of the supplies, materials, or equipment required under the Contract; or (2) furnishing any of the Work, labor or services required under the Contract; the Contractor shall insert a notice to the Subcontractor to the effect that such supplies, materials, equipment or Work, labor or services are for the City and that the Subcontractor is subject to the provisions of Section 6-109 of the Administrative Code.

(F) At the time the Contractor makes application for each partial payment and for final payment, the Contractor shall submit to the Commissioner a written payroll certification, in the form provided by this Contract, of compliance with the prevailing wage, minimum wage and other provisions and stipulations required by Labor Law Section 220 and Section 6-109 of the Administrative Code. This certification of compliance with the provisions of this Article shall be a condition precedent to payment and no payment shall be made to the Contractor unless and until each such certification shall have been submitted to and received by the Commissioner.

(G) This Contract is executed by the Contractor with the express warranty and representation that the Contractor is not disqualified under the provisions of Section 6-109 of the Administrative Code for the award of the Contract.

(H) Any breach or violation of any of the foregoing shall be deemed a breach or violation of a material provision of this Contract, and ground for cancellation thereof by the City.

Substantial Completion of the Work	35%
Completion of all Post Construction Services	15%

- (b) Interim Percent: For partial payment purposes only, the amount of the Fee for Profit shall be calculated using the percent set forth in the Fee Curve (Exhibit C) for a construction cost that is equal to the amount of the pre-preliminary reconciled construction cost estimate for the Project (the "Interim Percent"). The Commissioner may by written directive modify the Interim Percent based upon revisions to the estimate or the receipt of bid prices for the construction subcontracts.

42.2.3 Total Actual Construction Cost: For the purpose of the Fee Curve (Exhibit C), the total actual cost of construction for the Project shall be defined as the total dollar value of all required construction Work for the Project, calculated in accordance with bid prices contained in the construction subcontracts, which has been accepted by the Commissioner and paid for hereunder. Such total actual cost of construction shall not include the items set forth below. The total actual cost of construction for the Project shall be determined by the Commissioner, and his/her determination shall be final, binding and conclusive.

- (a) Any amounts for change orders to the construction subcontracts, except for a change order which meets the following conditions: (1) the change order increases the scope of work for the Project, and (2) the total amount of other scope increasing change orders issued to date exceeds five (5%) percent of the total dollar value of all construction work as described above;
- (b) Any amounts for the assessment of liquidated damages which have been deducted from construction subcontracts;
- (c) Any allowance amounts or otherwise designated funds for construction Work, whether for specified lump sum items or for unit price items, included in the original subcontract price that remain unexpended at the conclusion of the subcontract;
- (d) Any amounts for bonus payments, whether payment is by change order or through an allowance provided in the subcontract;
- (e) Any amounts for Work omitted from the construction subcontracts, and
- (f) Any amounts for construction Work which is determined to be defective, unsatisfactory or not in accordance with the Construction Documents.

42.2.4 Total Fee for Profit: Upon completion of all required services by the Contractor, the total Fee for Profit for the Project shall be determined as follows: the total actual cost of construction for the Project, as defined above, shall be multiplied by the applicable percent set forth in the Fee Curve (Exhibit C). For total actual construction costs between the dollar levels designated in the Fee Curve, the Fee for Profit shall be interpolated on a straight line basis. The Fee Curve set forth in Exhibit C shall apply to the Contract term and any extension thereof. Partial payments to the Contractor of the estimated Fee for Profit shall be subject to adjustment as set forth below.

- (a) In the event the total of all partial payments of the estimated Fee for Profit is more than the total Fee for Profit determined hereunder, the City shall deduct and retain such excess out of the amount due and owing to the Contractor. In the event the amount due and owing to the Contractor is less than the

amount of such excess payment of the Fee for Profit, the Contractor shall be liable to pay the difference upon demand by the Commissioner.

- (b) In the event the total of all partial payments of the estimated Fee for Profit is less than the total Fee for Profit determined hereunder, the City shall pay such difference to the Contractor.

42.3 Staffing Expenses

42.3.1 Allowance: An allowance in the amount set forth in Exhibit A is established for payment of the Contractor's staffing expenses for those construction management personnel who have been assigned to the Project and are identified in the Staffing Plan approved by the Commissioner (the "Assigned Personnel" or the "Assigned Employee"). The Contractor shall not be entitled to payment for staffing expenses for: (1) any Project Executive(s), and (2) any personnel not included in the approved Staffing Plan set forth in Exhibit B.

42.3.2 Payment: For any week during which an Assigned Employee performed services for the Project, payment to the Contractor for such employee's services for that week shall be calculated as follows: Multiply the amount set forth in paragraph (a) by the number set forth in paragraph (b), and then multiply the result by a Multiplier of 2.00; provided, however, the Multiplier shall **NOT** apply to any increase in the Assigned Employee's Direct Salary Rate per hour for authorized services performed during overtime hours.

- (a) Assigned Employee's Direct Salary Rate per hour, as determined and approved in writing by the Commissioner in accordance with the provisions set forth below. In the event the Contractor received written authorization from the Commissioner to have the Assigned Employee perform services during overtime hours, the employee's Direct Salary Rate per hour may be subject to an increase for such overtime hours, as provided below.
- (b) Total number of hours set forth on time sheets completed by the Assigned Employee for the week(s) in question during which the Assigned Employee actually performed services for this Project. This total number of hours shall **NOT** include the following: (1) any hours the Assigned Employee spent commuting; (2) any non-billable hours, as defined below; (3) any hours during which the Assigned Employee performed services for any other project, and (4) any overtime hours, unless otherwise authorized in advance, in writing by the Commissioner.

In such event, the amount of payment to the Contractor for services performed by an Assigned Employee for the week in question, calculated as set forth above, shall be reduced by multiplying such amount by the following: the fractional number resulting from the division of the number set forth in item (a) below by the number set forth in item (b).

- (a) total number of hours for which the Assigned Employee was actually paid by the Contractor for the week in question, less any non-billable hours, as defined above.
- (b) total number of hours actually billed by the Contractor to all entities for the Assigned Employee's services for the week in question, including the number of hours billed for this Project

42.3.4 Direct Salary Rates: Direct Salary Rates per hour for each Assigned Employee shall be determined and approved in writing by the Commissioner, as set forth below.

- (a) For each Assigned Employee, the Contractor shall submit such employee's actual annual direct salary, as defined below. In addition, the Contractor shall submit any records or documentation requested by the Commissioner to verify the Assigned Employee's actual annual direct salary rate, including without limitation, the Contractor's payroll register for the past twelve months.

 - (2) To compute an Assigned Employee's actual annual direct salary per hour, the Assigned Employee's actual annual direct salary, as defined above, shall be divided by 2080.
- (b) For each Assigned Employee, the Commissioner shall determine and approve in writing the Direct Salary Rate per hour to be paid for such employee. Once determined and approved by the Commissioner, the Assigned Employee's Direct Salary Rate shall not be eligible for any increase whatsoever, except for the increase described in Article 42.3.5 below. Any such increase must be approved in writing by the Commissioner.

42.3.5 Increases in Direct Salary Rates: An Assigned Employee's Direct Salary Rate per hour, determined and approved by the Commissioner, shall be subject to increases on a yearly basis, except as otherwise provided below. The first such increase shall be made one (1) year after the date of the advice of award. Thereafter, for the remainder of the Contact term, or any extension thereof, increases in the Direct Salary Rate(s) shall be made on a yearly basis, on the anniversary date of the advice of award. Any increase in the Direct Salary Rate(s) shall be based on an increase in the Employment Cost Index for Professional, Specialty and Technical Occupations, published by the U.S. Department of Labor, Bureau of Labor Statistics (the "Index"). If the Index declines or shows no increase, the Direct Salary Rate(s) shall not be increased. Any increase in the Direct Salary Rate(s) shall be applied on a prospective basis only.

- (a) The Contractor shall not be entitled to payment of any increase in an Assigned Employee's Direct Salary Rate per hour unless the total amount of such increase is actually paid in full by the Contractor to the Assigned Employee, as determined by the Commissioner. Overtime hours shall be defined as any hours in excess of eight (8) hours per day, Monday through Friday. In the event of such authorization, for services performed during overtime hours, the Assigned Employee's Direct Salary Rate per hour, determined by the Commissioner as set forth above, shall be increased by a factor of 50%; provided, however, the Contractor shall **NOT** be entitled to such increase in the Assigned Employee's Direct Salary Rate per hour for services performed during overtime hours, unless the following two conditions are met: (1) the Contractor has a company wide policy in effect that is consistently applied to all clients and that provides for payment at increased rates to designated classes of employees for services performed during overtime hours, and (2) the total amount of such increase is actually paid in full by the Contractor to the Assigned Employee. Any such increase in the Assigned Employee's Direct Salary Rate per hour for services performed during overtime hours shall **NOT** be subject to the Multiplier of 2.00 set forth above. With respect to any Assigned Employee for whom an increase in the reimbursable Direct Salary Rate per hour is requested for services performed during overtime hours, the Contractor shall provide a certification stating that the two conditions set forth herein have been met.

42.3.7 Multiplier: The Multiplier of 2.00 shall be deemed to include all costs and expenses for overhead incurred by the Contractor in connection with providing services for the Project, including expenses for management and administration. Any deviations or anticipated deviations from the Allowance for Staffing Expenses, even those deviations which do not involve an increase in such allowance, will not be paid, unless approved in advance in writing by the Commissioner.

42.4 Construction Work

42.4.1 An allowance in the amount set forth in Exhibit A is established for payment for construction work for the Project performed by Subcontractors under the supervision and control of the Contractor.

42.4.2 The total amount to be paid from the Allowance for Construction Work shall not exceed the cumulative total of the amounts for which subcontracts for construction work for the Project are awarded pursuant to Article 10 and the amounts of any change orders to such subcontracts. No amounts shall be paid from the Allowance for Construction Work, unless the Commissioner has given prior written approval to the amount of award of the

subcontract and the amount of any change orders thereto, as required by Article 10.

42.4.3 Bid Breakdown of Subcontract Price: Upon commencement of construction, the Contractor shall submit a bid breakdown of construction costs on a per subcontract basis, and any other information that may be required by the Commissioner. The breakdown for each subcontract must be approved in writing by the Commissioner's Representative. No partial payment will be made until the bid breakdown is approved. The breakdown shall be used for checking the Contractor's requests for partial payment for construction work performed by Subcontractors and shall not be binding on the Commissioner for any purpose whatsoever.

42.4.4 Partial Payments: Partial payments to the Contractor for construction Work performed by Subcontractors shall be on the basis of and in proportion to the percentage of completion of all construction Work required under the subcontract, as determined by the Commissioner. Until Substantial Completion of the Work, the Commissioner shall deduct and retain 5% of the value of the construction Work certified for payment in each partial payment voucher. Upon determination by the Commissioner that the Work required is substantially complete, the retainage shall be reduced to 1% of the value of the construction Work certified for payment in each partial payment voucher, which amount shall be retained by the City in accordance with the Article 25 hereof.

- (a) With respect to construction Work, partial payments may be made for materials, fixtures and equipment in advance of their actual incorporation in the work, subject to approval by the Commissioner and compliance with the requirements set forth in Exhibit D.

With respect to each such claim, the Contractor shall set forth the total amount thereof, the various items of labor and materials included therein, and the alleged value of each item; and if the alleged claim be one for delay, the alleged cause of each such delay, the period or periods of time, giving the dates when the Contractor claims the performance of the Work or a particular part thereof, was delayed, and an itemized statement and breakdown of the amount claimed for each such delay. With reference to each such claim, the Commissioner and the Comptroller shall have the same right to inspect, and to make extracts or copies of, books, vouchers, records, etc., of the Contractor or the Subcontractor, as referred to in Articles 17, 29 and 30 hereof. Nothing contained in this Article is intended to or shall relieve the Contractor from the obligation of giving timely notice of claims pursuant to Articles 17, 29 and 30 hereof. No further partial payments shall be made to the Contractor after the Commissioner determines that the Work is substantially complete, except the Substantial Completion payment and any requisitions for partial payment that were properly filed with the Commissioner prior to the date of Substantial Completion; provided, however, the Commissioner may grant a waiver for further partial payments after the date of Substantial Completion to permit

payments for change order work and/or release of retainage and deposits pursuant to Article 25. Such waiver shall be in writing.

42.4.7 Final Payment: After Final Acceptance by the Commissioner of the Work, the Contractor shall submit all required certificates and documents, together with a requisition for the balance claimed to be due, less the amount authorized to be retained for maintenance under Article 25 hereof. A verified statement similar to that required in connection with applications for partial payments shall also be submitted to the Commissioner.

42.4.8 Requisition for Final Payment: The Contractor must also submit with the final requisition for Work performed any amendments to the final verified statement of any and all alleged claims against the City, and any pending dispute resolution procedures in accord with the PPB Rules and this Contract, in any way connected with or arising out of the Work performed for which payment is requested (including those as to which details may have been furnished pursuant to Articles 17, 29 and 30 hereof) that have occurred subsequent to Substantial Completion, setting forth with respect to each such claim the total amount thereof, the various items of labor and materials included therein, and the alleged value of each such item. With reference to each permissible claim, the Commissioner and the Comptroller shall have the same right to inspect, and to make extracts or copies of, the books, vouchers, records, etc., of the Contractor or Subcontractor, as referred to in Articles 17, 29 and 30 hereof. 42.4.9 Voucher for Final Payment: Upon determining the balance due for Work for which payment is requested, other than on account of claims, the Commissioner's Representative will prepare and certify, and the Commissioner will approve, a voucher for final payment in that amount less any and all deductions authorized to be made by the Commissioner under Contract or by law. Such voucher shall thereupon be filed with the Comptroller and a copy thereof delivered to the Contractor. The Commissioner shall certify the voucher for final payment for Work performed for which payment is requested following completion and acceptance of the work, provided all requests for extensions of time have been acted upon, if required. Payment pursuant to such final voucher, less any deductions authorized to be made by the Commissioner under Contract or by law, shall constitute final payment in accordance with Article 44 hereof.

42.4.10 The Contractor shall not be entitled to any mark-up whatsoever on payments for construction Work performed by Subcontractors hereunder.

The provisions require the payment to contractors of interest on payments made after the required payment date, except as otherwise provided in the PPB Rules. The Contractor must submit a proper invoice to receive payment, except where the Contract provides that the Contractor will be paid at predetermined intervals without having to submit an invoice for each scheduled payment. ARTICLE 44 - ACCEPTANCE OF FINAL PAYMENT

44.1 The acceptance by the Contractor, or by anyone claiming by or through it, of final payment, whether such payment be made pursuant to any judgment of any Court, or otherwise, shall constitute and operate as a release to the City from any and all claims of and liability to the Contractor for anything heretofore done or furnished for the Contractor relating to or arising out of this Contract and the Work done hereunder, and for any prior act, neglect or default on the part of the City or any of its officers, agents or employees, excepting only a claim against the City for the amounts deducted or retained in accordance with the terms and provisions of this Contract by law, and excepting any claims, not otherwise waived, or any pending dispute resolution procedures which are contained in the verified statement filed with the Contractor's substantial and final requisitions pursuant to Article 42.

44.2 The Contractor is warned that the execution by it of a release, in connection with the acceptance of any final payment, containing language purporting to reserve claims other than those herein specifically excepted from the operation of this Article, or those for amounts deducted by the Commissioner from the final requisition or by the Comptroller from the final payment as certified by the Commissioner's Representative and approved by the Commissioner, shall not be effective to reserve such claims, anything stated to the Contractor orally or in writing by any officer, agent or employee of the City to the contrary notwithstanding.

44.3 Should the Contractor refuse to accept any final payment as tendered by the Comptroller, it shall constitute a waiver of any right to interest thereon.

44.4 The Contractor, however, shall not be barred from commencing an action for breach of contract under this provision to the extent permitted by Law and by the terms of the Contract provided that a detailed and verified statement of claim is served upon the Department and Comptroller not later than forty (40) days after the mailing of such final payment. The statement shall specify the items upon which the claim will be based and any such claim shall be limited to such items.

In such event, the Contractor shall be paid such amount, determined by the Commissioner, as shall fairly compensate him, in accordance with Article 42, for services satisfactorily performed prior to the termination date, or for non-cancelable orders for material and/or equipment that is not capable of use except in the performance of this Contract and has been specifically fabricated for the sole purpose of this Contract and not incorporated into the Work, subject to audit by the Department and post-audit by the Comptroller. In the event the Commissioner terminates the Contractor's services prior to commencement of the construction phase, the Contractor shall be entitled to payment of 10% of the Fee for Profit. Such Fee shall be determined by the Commissioner, based on the estimated cost of construction. Such postponement, delay, suspension or termination shall not give rise to any cause of action for damages or extra remuneration against the City, other than that provided for herein.

ARTICLE 46 - TERMINATION OF THIS AGREEMENT FOR CAUSE

46.1 If in the sole determination of the Commissioner: (1) the Contractor fails to perform any of the terms, covenants or provisions of this Agreement on its part to be performed, or (2) the Contractor fails to progress with the Work called for under this Agreement in a satisfactory manner, or (3) the conduct of the Contractor is such that the interests of the City are likely to be impaired or prejudiced, or (4) the Contractor shall violate any of the terms, covenants or provisions of this Agreement, then the Commissioner may, upon written notice to the Contractor, immediately terminate this Agreement for cause.

46.2 Upon such termination, the Contractor shall be entitled to payment of such amount, to be determined by the Commissioner, and subject to post-audit by the Comptroller, as shall fairly compensate him for the work satisfactorily performed prior to the termination date; provided, however, that the Commissioner shall deduct from such amount and from any amount due and payable to the Contractor prior to the termination date, but withheld or not paid, the total amount of additional expenses incurred by the City in order satisfactorily to complete the Work required to be performed by the Contractor under this Agreement, including the expense of engaging another Contractor for this purpose. If such additional expense shall exceed the amounts otherwise due and payable to the Contractor hereunder, the Contractor shall pay the City the full amount of such excess incurred by the City.

46.3 The Commissioner's determination upon which the termination of this Agreement for cause is based, as set forth in Article 46.1, shall be conclusive, final and binding on the parties and such a finding shall preclude the Contractor from commencing a plenary action for any damages relating to the Contract. If the Contractor protests the determination of the Commissioner, the Contractor may commence a lawsuit in a court of competent jurisdiction of the State of New York under Article 78 of the New York Civil Practice Law and Rules.

ARTICLE 47 - ACTIONS UPON TERMINATION

47.1 In the event of termination with or without cause, the Contractor shall, upon receipt of such notice, take the following actions:

- 47.1.1 Stop Work on the date specified in the notice;
- 47.1.2 Take such action as may be necessary for the protection and preservation of the City's materials and property;
- 47.1.3 Cancel all cancelable orders for material and equipment;
- 47.1.4 Assign to the City and deliver to the Site or any other location designated by the Commissioner, any non-cancelable orders for material and/or equipment that is not capable of use except in the performance of this Agreement and has been specifically fabricated for the sole purpose of this Agreement and not incorporated in the Work;
- 47.1.5 Take no action which will increase the amounts payable by the City under this Agreement.

ARTICLE 48 - CLAIMS AND ACTIONS THEREON

48.1 No claim against the City for damages for breach of contract or compensation for Extra Work shall be made or asserted in any action or proceeding at law or in equity, unless the Contractor shall have strictly complied with all requirements relating to the giving of notice and of information with respect to such claims all as herein before provided.

48.2 Nor shall any such action or proceeding be instituted or maintained on any such claims unless such action or proceeding be commenced within one year after the date of the filing in the office of the Comptroller of the final payment voucher pursuant to Article 42; except that an action or proceeding on a claim for moneys deducted, retained or withheld under the provisions of this Agreement or by law, must be commenced within one year after the date of final payment hereunder or after such moneys become due and payable hereunder, whichever is later, and further except that an action or proceeding on a claim based upon the Commissioner's exercise of the right to terminate this Agreement for cause must be commenced within six months after the date the Commissioner exercises such right to terminate for cause.

ARTICLE 49 - SUPPLIES, LABOR, SERVICES, MATERIALS AND TAX EXEMPTION

49.1 The City is exempt from payment of Federal, State, local taxes and Sales and Compensating Use Taxes of the State of New York and of cities and counties on all materials and supplies sold to the City pursuant to the provisions of this Agreement. These taxes are not to be included in requests for payment. However, this exemption does not apply to tools, machinery, equipment or other property leased by or to the Contractor or a Subcontractor, or to supplies and materials which even though they are consumed, are not incorporated into the completed Work (consumable supplies), and the Contractor and his Subcontractors shall be responsible for and pay any and all applicable taxes, including Sales and Compensating Use Taxes, on such leased tools, machinery, equipment or other property and upon all such unincorporated supplies and materials.

49.2 The Contractor and its Subcontractors agree to sell and the City agrees to purchase all supplies and materials, other than consumable supplies, required, necessary or proper for or incidental to the construction of the Project covered by this Agreement. The sum paid under this Agreement for such supplies and materials shall be in full payment and consideration for the sale of such supplies and materials herein.

49.3 The purchase by the Contractor through its Subcontractors of the supplies and materials sold hereunder shall be a purchase or procurement for resale and therefore not subject to the New York State or New York City Sales or Compensating Use Taxes or any such taxes of cities or counties. The sale of such supplies and materials by the Contractor to the City is exempt from the aforesaid sales or compensating use taxes. With respect to such supplies and materials, the Contractor, at the request of the City, shall furnish to the City such bills of sale and other instruments as may be required by it, properly executed, acknowledged and delivered assuring to the City title to such supplies and materials, free of liens or encumbrances, and the Contractor shall mark or otherwise identify all such materials as the property of the City.

49.4 Title to all materials to be sold by the Contractor to the City pursuant to the provisions of the Agreement shall immediately vest in and become the sole property of the City upon delivery of such supplies and materials to the Site and prior to its becoming a part of the permanent structure. Notwithstanding such transfer of title, the Contractor shall have the full and continuing responsibility to install such materials and supplies in accordance with the provisions of this Agreement, protect them, maintain them in a proper condition and forthwith repair, replace and make good any damage thereto, theft or disappearance thereof, and furnish additional materials in place of any that may be lost, stolen or rendered unusable, without cost to the City, until such time as the Work covered by the Agreement is fully accepted by the City. Such transfer of title shall in no way affect any of the Contractor's obligations hereunder. In the event that, after title has passed to the City, any of such supplies and materials are rejected as being defective or otherwise unsatisfactory, title to all such supplies and materials shall be deemed to have been transferred back to the Contractor.

49.5 The purchase by Subcontractors of supplies and materials to be sold hereunder shall also be a purchase or procurement for resale to the Contractor (either directly or through other subcontractors) and therefore not subject to the aforesaid Sales or Compensating Use Taxes, provided that the subcontract agreements provide for the resale of such supplies and materials prior to and separate and apart from the incorporation of such supplies and materials into the permanent construction and that such subcontract agreements are in a form similar to this Agreement with respect to the separation of the sale of materials from the Work and labor, services, consumable supplies and any other matters to be provided, and provided further that the subcontract agreements provide separate prices for (1) materials and (2) all other services and matters. Such separation shall actually be followed in practice, including the separation of payments for supplies and materials from the payments for other Work and labor and other things to be provided.

49.6 The Contractor and his Subcontractors and materialmen shall obtain any and all necessary Contractor Exempt Purchase Certificates or resale certificates from the appropriate governmental agency or agencies, and furnish a Contractor Exempt Purchase Certificate or resale certificate to all persons, firms or corporations from which they purchase supplies and materials for the performance of the Work covered by this Agreement.

49.7 In the event any of the provisions of this Article 49 shall be deemed to be in conflict with any other provisions of this Agreement or create any ambiguity, then the provision of this Article shall control.

ARTICLE 50 - NO CLAIM AGAINST OFFICERS, AGENTS OR EMPLOYEES

50.1 No claim whatsoever shall be made by the Contractor against any officer, agent or employee of the City for, or on account of, anything done or omitted to be done in connection with this Agreement.

50.2 The Contractor shall require each Subcontractor or consultant to agree in its subcontract not to make any claim against the City, its officers, agents or employees, by reason of such subcontract, or any acts or omissions of the Contractor; provided however, such restrictions shall not apply to (a) demands filed by subcontractors pursuant to Article 10.6 hereof, or (b) disputes submitted by subcontractors pursuant to dispute resolution provisions contained in the subcontract, as described in Article 10.2.2 (g) hereof.

ARTICLE 51 - LOCALLY BASED ENTERPRISE PROGRAM

51.2.1 Unless specifically waived by the Commissioner with the approval of the Office of Economic and Financial Opportunity, if any portion of the subcontract is sub-subcontracted, not less than ten percent of the total dollar amount of the subcontract shall be awarded to locally based enterprises ("LBEs"); except that where less than ten percent of the total dollar amount of the subcontract is sub-subcontracted, such lesser percentage shall be so awarded.

51.2.2 The Subcontractor shall not require performance and payment bonds from LBE sub-subcontractors.

51.2.3 If the Subcontractor has indicated prior to award that no work will be sub-subcontracted, no work shall be sub-subcontracted without the prior approval of the Commissioner, which shall be granted only if the Subcontractor makes a good faith effort beginning at least six weeks before the work is to be performed to obtain LBE sub-subcontractors to perform the work.

51.2.4 If the Subcontractor has not identified sufficient LBE sub-subcontractors prior to award, it shall sign a letter of compliance stating that it complies with Administrative Code §6-108.01, recognizes that achieving the LBE requirement is a condition of its subcontract, and shall submit documentation demonstrating its good faith efforts to obtain LBEs. After award, the Subcontractor shall begin to solicit LBE's to perform sub-subcontracted work at least six weeks before the date such work is to be performed and shall demonstrate that a good faith effort has been made to obtain LBE's on each sub-subcontract until it meets the required percentage.

51.3 Failure of the Contractor to comply with the requirements of Administrative Code §6-108.01 and the regulations promulgated thereunder shall constitute a material breach of contract. Remedy for such breach of contract may include the imposition of any or all of the following sanctions:

- 51.3.1 reducing the Contractor's compensation by an amount equal to the dollar value of the percentage of the LBE sub-subcontracting requirement not complied with;
- 51.3.2 declaring the Contractor in default;
- 51.3.3 where non-compliance is by an LBE, de-certifying and declaring the LBE ineligible to participate in the LBE program for a period of up to three years.

ARTICLE 52 - PARTICIPATION IN AN INTERNATIONAL BOYCOTT

52.1 The Contractor agrees that neither the Contractor nor any substantially owned affiliated company is participating or shall participate in an international boycott in violation of the provisions of the Export Administration Act of 1979, as amended, or the regulations of the United States Department of Commerce promulgated thereunder.

53.1.1 If any person who has been advised that his or her statement, and any information from such statement, will not be used against him or her in any subsequent criminal proceeding refuses to testify before a grand jury or other governmental agency or authority empowered directly or by designation to compel the attendance of witnesses and to examine witnesses under oath concerning the award of or performance under any transaction, agreement, lease, permit, contract, or license entered into with the City, the State, or any political subdivision or public authority thereof, or the Port Authority of New York and New Jersey, or any local development corporation within the City, or any public benefit corporation organized under the laws of the State of New York, or;

ARTICLE 64 - MacBRIDE PRINCIPLES PROVISIONS

64.1 Notice to all Prospective Contractors: Local Law No. 34 of 1991 became effective on September 10, 1991 and added section 6-115.1 to the Administrative Code of the City of New York. The local law provides for certain restrictions on City contracts to express the opposition of the people of the City of New York to employment discrimination practices in Northern Ireland and to encourage companies doing business in Northern Ireland to promote freedom of work place opportunity.

64.2 Pursuant to Section 6-115.1, prospective contractors for contracts to provide goods or services involving an expenditure of an amount greater than ten thousand dollars, or for construction involving an amount greater than fifteen thousand dollars, are asked to sign a rider in which they covenant and represent, as a material condition of their contract, that any business operations in Northern Ireland conducted by the contractor and any individual or legal entity in which the contractor holds a ten percent or greater ownership interest and any individual or legal entity that holds a ten percent or greater ownership interest in the contractor will be conducted in accordance with the MacBride Principles of nondiscrimination in employment.

64.3 Prospective contractors are not required to agree to these conditions. However, in the case of contracts let by

competitive sealed bidding, whenever the lowest responsible bidder has not agreed to stipulate to the conditions set forth in this notice and another bidder who has agreed to stipulate to such conditions has submitted a bid within five percent of the lowest responsible bid for a contract to supply goods, services or construction of comparable quality, the contracting entity shall refer such bids to the Mayor, the Speaker or other officials, as appropriate, who may determine, in accordance with applicable law and rules, that it is in the best interest of the city that the contract be awarded to other than the lowest responsible bidder pursuant to Section 313(b)(2) of the City Charter.

64.4 In the case of contracts let by other than competitive sealed bidding, if a prospective contractor does not agree to these conditions, no agency, elected official or the Council shall award the contract to that bidder unless the entity seeking to use the goods, services or construction certifies in writing that the contract is necessary for the entity to perform its functions and there is no other responsible contractor who will supply goods, services or construction of comparable quality at a comparable price.

64.5 In accordance with section 6-115.1 of the Administrative Code of the City of New York, the Contractor stipulates that such Contractor and any individual or legal entity in which the Contractor holds a ten percent or greater ownership interest and any individual or legal entity that holds a ten percent or greater ownership interest in the Contractor either (a) have no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations they have in Northern Ireland in accordance with the MacBride Principles, and shall permit independent monitoring of their compliance with such principles.

64.6 For purposes of this section, the following terms shall have the following meanings: "MacBride Principles" shall mean those principles relating to nondiscrimination in employment and freedom of work place opportunity which require employers doing business in Northern Ireland to:

- 64.6.1 increase the representation of individuals from under represented religious groups in the work force, including managerial, supervisory, administrative, clerical and technical jobs;
- 64.6.2 take steps to promote adequate security for the protection of employees from under represented religious groups both at the work place and while traveling to and from work;
- 64.6.3 ban provocative religious or political emblems from the work place;
- 64.6.4 publicly advertise all job openings and make special recruitment efforts to attract applicants from under represented religious groups;
- 64.6.5 establish layoff, recall and termination procedures which do not in practice favor a particular religious group;
- 64.6.6 abolish all job reservations, apprenticeship restrictions and different employment criteria which discriminate on the basis of religion;
- 64.6.7 develop training programs that will prepare substantial numbers of current employees from underrepresented religious groups for skilled jobs, including the expansion of existing programs and the creation of new programs to train, upgrade and improve the skills of workers from underrepresented religious groups;
- 64.6.8 establish procedures to assess, identify and actively recruit employees from underrepresented religious groups with potential for further advancement; and
- 64.6.9 appoint a senior management staff member to oversee affirmative action efforts and develop a timetable to ensure their full implementation.

64.7 The Contractor agrees that the covenants and representations in Article 64.5 above are material conditions to this contract. In the event the contracting entity receives information that the Contractor who made the stipulation required by this section is in violation thereof, the contracting entity shall review such information and give the Contractor an opportunity to respond. If the contracting entity finds that a violation has occurred, the entity shall have the right to declare the Contractor in default and/or terminate this Contract for cause and procure the supplies, services or work from another source in any manner the entity deems proper. In the event of such termination, the Contractor shall pay to the entity, or the entity in its sole discretion may withhold from any amounts otherwise payable to the Contractor, the difference between the Contract price for the uncompleted portion of this Contract and the cost to the contracting entity of completing performance of this Contract either itself or by engaging another contractor or contractors. In the case of a requirement contract, the Contractor shall be liable for such difference in price for the entire amount of supplies required by the contracting entity for the uncompleted term of its Contract. In the case of a construction contract, the contracting entity shall also have the right to hold the Contractor in partial or total default in

accordance with the default provisions of this Contract, and/or may seek debarment or suspension of the Contractor. The rights and remedies of the entity hereunder shall be in addition to, and not in lieu of, any rights and remedies the entity has pursuant to this Contract or by operation of law.

Any finding made pursuant to this subdivision shall expire after sixty days, at which time the requirements of this Part II shall be in full force and effect unless the agency renews the finding in writing and such renewal is approved by the DEP Commissioner.

D. Contractors may check on determinations and approvals issued by the DEP Commissioner pursuant to Section 24-163.3 of the Administrative Code, if any, at www.nyc.gov/dep or by contacting the Department issuing this solicitation.

E. The requirements of this Part II do not apply where they are precluded by federal or State funding requirements or where the contract is an emergency procurement.

F. The requirements of this Part II do not apply to Public Works Contracts entered into or renewed prior to June 19, 2004.

III. BEST AVAILABLE TECHNOLOGY

A. All Contractors shall utilize the best available technology for reducing the emission of pollutants for diesel-powered Nonroad Vehicles in the performance of this contract. For determinations of best available technology for each type of diesel-powered Nonroad Vehicle, Contractors shall comply with the regulations of the City Department of Environmental Protection, as and when adopted, Chapter 14 of Title 15 of the Rules of the City of New York (RCNY). The Contractor shall fully document all steps in the best available technology selection process and shall furnish such documentation to the Department or the DEP Commissioner upon request. The Contractor shall retain all documentation generated in the best available technology selection process for as long as the selected best available technology is in use.

B. No Contractor shall be required to replace best available technology for reducing the emission of pollutants or other authorized technology utilized for a diesel-powered Nonroad Vehicle in accordance with the provisions of this Part III within three years of having first utilized such technology for such vehicle.

C. This Part III shall not apply to any vehicle used to satisfy the requirements of a specific Public Works Contract for fewer than twenty calendar days.

D. The Contractor shall not be required to comply with this Part III with respect to a diesel-powered Nonroad Vehicle under the following circumstances:

1. Where the agency makes a written finding, which is approved, in writing, by the DEP Commissioner, that the best available technology for reducing the emission of pollutants as required by those paragraphs is unavailable for such vehicle, Contractor shall use whatever technology for reducing the emission of pollutants, if any, is available and appropriate for such vehicle.
2. Where the DEP Commissioner has issued a written waiver based upon the Contractor having demonstrated to the DEP Commissioner that the use of the best available technology for reducing the emission of pollutants might endanger the operator of such vehicle or those working near such vehicle, due to engine malfunction, Contractor shall use whatever technology for reducing the emission of pollutants, if any, is available and appropriate for such vehicle, which would not endanger the operator of such vehicle or those working near such vehicle.
3. In determining which technology to use for the purposes of subsections (D)(1) and (D)(2) above, Contractor shall primarily consider the reduction in emissions of particulate matter and secondarily consider the reduction in emissions of nitrogen oxides associated with the use of such technology, which shall in no event result in an increase in the emissions of either such pollutant.
4. Contractors shall submit requests for a finding or a waiver pursuant to this subsection (D) in writing to the DEP Commissioner, with a copy to the ACCO of the Department issuing the solicitation. Any finding or waiver

made or issued pursuant to subsections (D)(1) and (D)(2) above shall expire after one hundred eighty days, at which time the requirements of subsection A shall be in full force and effect unless the agency renews the finding, in writing, and the DEP Commissioner approves such finding, in writing, or the DEP Commissioner renews the waiver, in writing.

E. The requirements of this Part III do not apply where they are precluded by federal or State funding requirements or where the contract is an emergency procurement.

IV. Section 24-163 of the Administrative Code. Contractors shall comply with Section 24-163 of the New York City Administrative Code related to the idling of the engines of motor vehicles while parking.

V. COMPLIANCE

A. Contractor's compliance with these provisions may be independently monitored. If it is determined that the Contractor has failed to comply with any provision of this rider, any costs associated with any independent monitoring incurred by the City shall be reimbursed by the Contractor.

B. Any Contractor who violates any provision of this Article, except as provided in subsection (C) below, shall be liable for a civil penalty between the amounts of one thousand and ten thousand dollars, in addition to twice the amount of money saved by such Contractor for failure to comply with this Article.

C. No Contractor shall make a false claim with respect to the provisions of this Article to a City agency. Where a Contractor has been found to have done so, such Contractor shall be liable for a civil penalty of twenty thousand dollars, in addition to twice the amount of money saved by such Contractor in association with having made such false claim.

VI. REPORTING

A. For all Public Works Contracts covered by this Article, the Contractor shall report to the Department the following information:

1. The total number of diesel-powered Nonroad Vehicles used to fulfill the requirements of this Public Works Contract;
2. The number of such Nonroad Vehicles that were powered by Ultra Low Sulfur Diesel Fuel;
3. The number of such Nonroad Vehicles that utilized the best available technology for reducing the emission of pollutants, including a breakdown by vehicle model and the type of technology;
4. The number of such Nonroad Vehicles that utilized such other authorized technology in accordance with Part III, including a breakdown by vehicle model and the type of technology used for each such vehicle;
5. The locations where such Nonroad Vehicles were used; and
6. Where a determination is in effect pursuant to Part II.B or II.C, detailed information concerning the Contractor's efforts to obtain Ultra Low Sulfur Diesel Fuel or diesel fuel that has a sulfur content of no more than thirty parts per million.

B. The Contractor shall submit the information required by Paragraph A at the completion of work under the Public Works Contract and on a yearly basis no later than August 1 throughout the term of the Public Works Contract. The yearly report shall cover work performed the preceding fiscal year (July 1- June 30).

NOTICE TO ALL PROSPECTIVE CONTRACTORS

PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT

ARTICLE I. M/WBE PROGRAM

Local Law No. 129 of 2005 added Section 6-129 to the Administrative Code of the City of New York. The local law creates a program for participation by minority-owned and women-owned business enterprises (MBEs and WBEs) in City procurement. As stated in the Section 6-129, the intent of the program is to address the impact of discrimination on the City's procurement process, and to promote the public interest in avoiding fraud and favoritism in the procurement process, increasing competition for City business, and lowering contract costs. The contract provisions contained herein are made pursuant to Local Law 129, and the rules of the Department of Small Business Services ("DSBS") promulgated thereunder.

If this Contract is subject to the Minority-Owned and Women-Owned Business Enterprise ("M/WBE") program created by Local Law 129, the specific requirements of M/WBE participation for this Contract are set forth in the Subcontractor Utilization Plan, and are detailed below.

The Contractor must comply with all applicable M/WBE requirements for this Contract. Article I, Part A, below, sets forth provisions related to the participation goals for construction and professional services contracts. Article I, Part B, below, sets forth miscellaneous provisions related to the M/WBE program.

PART A: PARTICIPATION GOALS FOR CONSTRUCTION AND PROFESSIONAL SERVICES CONTRACTS

1. The Target Subcontracting Percentage applicable to this Contract is set forth in the Subcontractor Utilization Plan (Part I) included in this Contract [see First Page, line (1)]. (The Subcontractor Utilization Plan is included in the Bid Booklet.)

The "Target Subcontracting Percentage" is the percentage of the total Contract which Agency anticipates that the prime contractor for this Contract would in the normal course of business award to one or more subcontractors for amounts under \$1 million for construction and professional services.

A prospective contractor may seek a full or partial pre-award waiver of the Target Subcontracting Percentage in accordance with Local Law 129 and Part A, Section 10 below. To apply for the a full or partial waiver of the Target Subcontracting Percentage, a prospective contractor must complete the Subcontractor Utilization Plan (Part III), and must submit such request no later than seven (7) days prior to the date and time the bids or proposals are due, in writing to the Agency by e-mail at poped@ddc.nyc.gov or via facsimile at (718) 391-1885. Bidders/proposers who have submitted requests will receive a response by no later than two (2) calendar days prior to the date bids or proposals are due, provided, however, that if that date would fall on a weekend or holiday, a response will be provided by close-of-business on the business day before such weekend or holiday date.

2. The Subcontractor Participation Goals established for this Contract are set forth in the Subcontractor Utilization Plan (Part I) included in this Contract [see First Page, line (2) and/or line (3)].

The Subcontractor Participation Goals represent a percentage of the total dollar value of all construction and/or professional services subcontracts under this Agreement for amounts under \$1 million.

3. If Subcontractor Participation Goals have been established for this Contract, Contractor agrees or shall agree as a material term of the Agreement that, with respect to the total amount of the Agreement to be awarded to one or more subcontractors pursuant to subcontracts for amounts under \$1 million, Contractor shall be subject to the Subcontractor Participation Goals, unless the goals are modified by Agency in accordance with Local Law 129 and Part A, Section 11 below.

4. If Subcontractor Participation Goals have been established for this Contract, a prospective contractor shall be required to submit with its bid or proposal, as applicable, a completed Subcontractor Utilization Plan (Part II) (see Second and Third Pages) indicating: (a) the percentage of work it intends to subcontract; (b) the percentage of work it intends to award to subcontractors for amounts under \$1 million; (c) in cases where the prospective contractor intends to award subcontracts for amounts under \$1 million, a description of the type and dollar value of work designated for participation by MBEs and/or WBEs; and (d) the general time frames in which such work by MBEs and/or WBEs is scheduled to occur. In the event that this Subcontractor Utilization Plan indicates that the bidder or proposer, as applicable, does not intend to award the Target Subcontracting Percentage, the bid or proposal, as applicable, shall be deemed non-responsive, unless Agency has granted the bidder or proposer, as applicable, a pre-award waiver of the Target Subcontracting Percentage in accordance with Local Law 129 and Part A, Section 10 below.

THE BIDDER/PROPOSER MUST FULLY COMPLETE THE SUBCONTRACTOR UTILIZATION PLAN (PART II) INCLUDED IN THE BID BOOKLET. BIDS/PROPOSALS WHICH DO NOT INCLUDE A COMPLETED SUBCONTRACTOR UTILIZATION PLAN (PART II) WILL BE DEEMED TO BE NON-RESPONSIVE, UNLESS A FULL WAIVER OF THE TARGET SUBCONTRACTING PERCENTAGE IS GRANTED (SUBCONTRACTOR UTILIZATION PLAN, PART III). IN THE EVENT THAT THE SUBCONTRACTOR UTILIZATION PLAN INDICATES THAT THE BIDDER/PROPOSER DOES NOT INTEND TO AWARD THE TARGET SUBCONTRACTING PERCENTAGE, THE BID/PROPOSAL WILL BE DEEMED TO BE NON-RESPONSIVE, UNLESS THE AGENCY HAS GRANTED A WAIVER OF THE TARGET SUBCONTRACTING PERCENTAGE (SUBCONTRACTOR UTILIZATION PLAN, PART III).

5. Where a Subcontractor Utilization Plan has been submitted, the Contractor shall, within 30 days of issuance by Agency of a notice to proceed, submit a list of proposed persons or entities to which it intends to award subcontracts within the subsequent 12 months. In the case of multi-year contracts, such list shall also be submitted every year thereafter. In the event that the Contractor's selection of a subcontractor is disapproved, the Contractor shall have a reasonable time to propose alternate subcontractors.

6. M/WBE firms must be certified by DSBS in order for the Contractor to credit such firms' participation toward the attainment of the M/WBE participation goals. Such certification must occur prior to the firms' commencement of work as subcontractors. A list of M/WBE firms may be obtained from the DSBS website at www.nyc.gov/getcertified, by emailing DSBS at MWBE@sbs.nyc.gov, by calling the DSBS certification hotline at (212) 513-6311, or by visiting or writing DSBS at 110 William St., New York, New York, 10038, 7th floor. Eligible firms that have not yet been certified may contact DSBS (as indicated above) in order to seek certification.

7. Where a Subcontractor Utilization Plan has been submitted, the Contractor shall, with each voucher for payment, and/or periodically as Agency may require, submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount paid to subcontractors (including subcontractors that are not MBEs or WBEs); the names, addresses and contact numbers of each MBE or WBE hired as a subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE or WBE. The Contractor shall also submit, along with its voucher for final payment, the total amount paid to subcontractors (including subcontractors that are not MBEs or WBEs); and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE or WBE hired pursuant to such plan, the work performed by, and the dates and amounts paid to each.

8. If payments made to, or work performed by, MBEs or WBEs are less than the amount specified in the Contractor's Subcontractor Utilization Plan, Agency shall take appropriate action, in accordance with Local Law 129

and Article II below, unless the Contractor has obtained a modification of its Subcontractor Utilization Plan in accordance with Local Law 129 and Part A, Section 11 below.

9. Where a Subcontractor Utilization Plan has been submitted, and the Contractor requests a change order the value of which exceeds 10 percent of the Agreement, Agency shall establish participation goals for the work to be performed pursuant to the change order.

10. Pre-award waiver of Target Subcontracting Percentage. Agency may grant a full or partial waiver of the Target Subcontracting Percentage to a bidder or proposer, as applicable, who demonstrates—before submission of the bid or proposal—that it has legitimate business reasons for proposing the level of subcontracting in its Subcontractor Utilization Plan. In making its determination, Agency shall consider factors that shall include, but not be limited to, whether the bidder or proposer, as applicable, has the capacity and the bona fide intention to perform the Contract without any subcontracting, or to perform the Contract without awarding the amount of subcontracts for under one million dollars represented by the Target Subcontracting Percentage. In making such determination, Agency may consider whether the Subcontractor Utilization Plan is consistent with past subcontracting practices of the bidder or proposer, as applicable, and whether the bidder or proposer, as applicable, has made good faith efforts to identify portions of the Contract that it intends to subcontract.

11. Modification of Subcontractor Utilization Plan. A Contractor may request a modification of its Subcontractor Utilization Plan (Subcontractor Participation Goals) after award of this Contract. The Agency may grant such request if it determines that the Contractor has established, with appropriate documentary and other evidence, that it made reasonable, good faith efforts to meet the Subcontractor Participation Goals. In making such determination, Agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

- (a) The Contractor advertised opportunities to participate in the contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations;
- (b) The Contractor provided notice of specific opportunities to participate in the contract, in a timely manner, to minority and women's business organizations;
- (c) The Contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs and WBE's that their interest in the contract was solicited;
- (d) The Contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs and/or WBEs in the contractor utilization plan, and for which the Contractor claims an inability to retain MBE's or WBE's;
- (e) The Contractor held meetings with MBEs and/or WBEs prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited;
- (f) The Contractor made efforts to negotiate with MBEs and/or WBEs as relevant to perform specific subcontracts;
- (g) Timely written requests for assistance made by the Contractor to Agency's M/WBE liaison officer and to DSBS;
- (h) Description of how recommendations made by DSBS and Agency were acted upon and an explanation of why action upon such recommendations did not lead to the desired level of participation of MBEs and/or WBE's.

Agency's M/WBE officer shall provide written notice to the Contractor of the determination.

12. If Subcontractor Participation Goals have been established for this Contract, Agency shall evaluate and assess the Contractor's performance in meeting those goals, and such evaluation and assessment shall become part of the Contractor's overall contract performance evaluation.

PART B: MISCELLANEOUS

1. The Contractor shall take notice that, if this solicitation requires the establishment of a Subcontractor Utilization Plan, the resulting contract may be audited by DSBS to determine compliance with Section 6-129. See 6-129(e)(10). Furthermore, such resulting contract may also be examined by the City's Comptroller to assess compliance with the Subcontractor Utilization Plan.

2. Pursuant to DSBS rules, construction contracts that include a requirement for a Subcontractor Utilization Plan shall not be subject to the law governing Locally Based Enterprises set forth in Administrative Code Section 6-108.1.
3. DSBS is available to assist contractors and potential contractors in determining the availability of MBEs and WBEs to participate as subcontractors, and in identifying opportunities that are appropriate for participation by MBEs and WBEs in contracts.
4. Prospective contractors are encouraged to enter into joint ventures with MBEs and WBEs.
5. By submitting a bid or proposal the Contractor hereby acknowledges its understanding of the M/WBE requirements set forth herein and the pertinent provisions of Local Law 129 of 2005, and any rules promulgated thereunder, and if awarded this Contract, the Contractor hereby agrees to comply with the M/WBE requirements of this Contract and pertinent provisions of Local Law 129 of 2005, and any rules promulgated thereunder, all of which shall be deemed to be material terms of this Contract. The Contractor hereby agrees to make all reasonable, good faith efforts to solicit and obtain the participation of M/WBE's to meet the required Subcontractor Participation Goals.

ARTICLE II. ENFORCEMENT

1. If Agency determines that a bidder or proposer, as applicable, has, in relation to this procurement, violated Section 6-129 or the DSBS rules promulgated pursuant to Section 6-129, Agency may disqualify such bidder or proposer, as applicable, from competing for this Contract and the Agency may revoke such bidder's or proposer's prequalification status, if applicable.
2. Whenever Agency believes that the Contractor or a subcontractor is not in compliance with Section 6-129 or the DSBS rules promulgated pursuant to Section 6-129, or any provision of this Contract that implements Section 6-129, including, but not limited to any Subcontractor Utilization Plan, Agency shall send a written notice to the Contractor describing the alleged noncompliance and offering an opportunity to be heard. Agency shall then conduct an investigation to determine whether such Contractor or subcontractor is in compliance.
3. In the event that the Contractor has been found to have violated Section 6-129, the DSBS rules promulgated pursuant to Section 6-129, or any provision of this Contract that implements this Section 6-129, including, but not limited any Subcontractor Utilization Plan, Agency may determine that one of the following actions should be taken:
 - (a) entering into an agreement with the Contractor allowing the Contractor to cure the violation;
 - (b) revoking the contractor's pre-qualification to bid or make proposals for future contracts;
 - (c) making a finding that the contractor is in default of the contract;
 - (d) terminating the contract;
 - (e) declaring the contractor to be in breach of contract;
 - (f) withholding payment or reimbursement;
 - (g) determining not to renew the contract;
 - (h) assessing actual and consequential damages;
 - (i) assess liquidated damages or reduction of fees, provided that liquidated damages may be based on amounts representing costs of delays in carrying out the purposes of the program established by Section 6-129, or in meeting the purposes of the contract, the costs of meeting utilization goals through additional procurements, the administrative costs of investigation and enforcement, or other factors set forth in the contract;
 - (j) exercise rights under the contract to procure goods, services or construction from another contractor and charge the cost of such contract to the contractor that has been found to be in noncompliance; or
 - (k) take any other appropriate remedy.
4. Whenever Agency has reason to believe that an MBE or WBE is not qualified for certification, or is participating in a contract in a manner that does not serve a commercially useful function (as defined in Section 6-129), or has violated any provision of Section 6-129, Agency shall notify the commissioner of DSBS who shall determine whether the certification of such business enterprise should be revoked.
5. Statements made in any instrument submitted to Agency pursuant to Section 6-129 shall be submitted under penalty of perjury and any false or misleading statement or omission shall be grounds for the application of any

applicable criminal and/or civil penalties for perjury. The making of a false or fraudulent statement by an MBE or WBE in any instrument submitted pursuant to Section 6-129 shall, in addition, be grounds for revocation of its certification.

6. The Contractor's record in implementing its Subcontractor Utilization Plan shall be a factor in the evaluation of its performance. Whenever a contracting agency determines that a contractor's compliance with a Subcontractor Utilization Plan has been unsatisfactory, the agency shall, after consultation with the city chief procurement officer, file an advice of caution form for inclusion in VENDEX as caution data.

IN WITNESS WHEREOF, the Commissioner, on behalf of the City of New York, and the Contractor, have executed this agreement in quadruplicate, two of which are to remain with the Commissioner, another to be filed with the Comptroller of the City, and the fourth to be delivered to the Contractor.

PARTIAL PAYMENT FOR STORED MATERIAL

The Commissioner may authorize partial payment for certain materials, fixtures and equipment, prior to their incorporation in the Work, but only in strict accordance with and subject to all the terms and conditions set forth in Paragraphs 1 through 16 below. The Contractor may request such partial payment on behalf of its Subcontractors.

1. The Contractor shall submit to the Commissioner a written request, in quadruplicate, for payment for materials purchased or to be purchased for which it desires to be paid prior to their actual incorporation in the Work. The request shall be accompanied by a schedule of the types and quantities of materials, and shall state whether such materials are to be stored on or off the site.
2. Where the materials are to be stored off the site, they shall be stored at a place other than the Contractor's or Subcontractor's premises (except with the written consent of the Commissioner) and under the conditions prescribed or approved by the Commissioner. The Contractor shall set apart and separately store at the place or places of storage all materials and shall clearly mark same "PROPERTY OF THE CITY OF NEW YORK", and further, shall not at any time move any of said materials to another off-site place of storage without the prior written consent of the Commissioner. Materials may be removed from their place of storage off the site for incorporation in the work upon approval of the Commissioner's Representative.
3. Where the materials are to be stored at the site, they shall be stored at such locations as shall be designated by the Commissioner's Representative and only in such quantities as, in the opinion of the Commissioner's Representative, will not interfere with the proper performance of the Work by the Contractor or by other contractors then engaged in performing work on the site. Such materials shall not be removed from their place of storage on the site except for incorporation in the Work, without the approval of the Commissioner's Representative.
4. **INSURANCE**
 - a. **STORAGE OFF-SITE:** Where the materials are stored off the site and until such time as they are incorporated in the Work, the Contractor shall fully insure such materials against any and all risks of destruction, damage or loss including but not limited to fire, theft, and any other casualty or happening. The policy of insurance shall be payable to the City of New York. It shall be in such terms and amounts as shall be approved by the Commissioner and shall be placed with a company duly licensed to do business in the State of New York. The Contractor shall deliver the original and one copy of such policy or policies marked "Fully Paid" to the Commissioner.
 - b. **STORAGE ON THE SITE:** Where the materials are stored at the site, the Contractor shall furnish satisfactory evidence to the Commissioner that they are properly insured against loss, by endorsements or otherwise, under the policy or policies of insurance obtained by the Contractor to cover losses to materials owned or installed by him. The policy of insurance shall cover fire and extended coverage against windstorm, hail, explosion and riot attending a strike, civil commotion, aircraft, vehicles and smoke.
 - c. Subject to approval by the Commissioner, the above described insurance may be provided by the Contractor's Subcontractor.
5. All costs, charges and expenses arising out of the storage of such materials, shall be paid by the Contractor and the City hereby reserves the right to retain out of any partial or final payment made under the Contract an amount sufficient to cover such costs, charges and expenses with the understanding that the City shall have and may exercise any and all other remedies at law for the recovery of such cost, charges and expenses. There shall be no increase in the Contract price for such costs, charges and expenses and the Contractor shall not make any claim or demand for compensation therefor.
6. The Contractor shall pay any and all costs of handling and delivery of materials, to the place of storage and from the place of storage to the site of the work; and the City shall have the right to retain from any partial or final payment an amount sufficient to cover the cost of such handling and delivery.
7. In the event that the whole or any part of these materials are lost, damaged or destroyed in advance of their satisfactory incorporation in the Work, the Contractor at his own cost, shall replace such lost, damaged or destroyed materials of the same character and quality. The City will reimburse the Contractor for the cost of

- the replaced materials to the extent, and only to the extent, of the moneys actually received by the City under the policies of insurance hereinbefore referred to. Until such time as the materials are replaced, the City will deduct from the value of the stored materials or from any other money due under the Contract, the amount paid to the Contractor for such lost, damaged or destroyed materials.
8. Should any of the materials paid for the City hereunder be subsequently rejected or incorporated in the Work in a manner or by a method not in accordance with the Contract Documents, the Contractor shall remove and replace such defective or improperly incorporated material with materials complying with the Contract Documents. Until such materials are replaced, the City will deduct from the value of the stored materials or from any other money due the Contractor, the amount paid by the City for such rejected or improperly incorporated materials.
 9. Payments for the cost of materials made hereunder shall not be deemed to be an acceptance of such materials as being in accordance with the Contract Documents, and the Contractor always retains and must comply with his duty to deliver to the site and properly incorporate in the Work only materials which comply with the Contract Documents.
 10. The Contractor shall retain any and all risks in connection with the damage, destruction or loss of the materials paid for hereunder to the time of delivery of the same to the site of the Work and their proper incorporation in the Work in accordance with the Contract Documents.
 11. The Contractor shall comply with all laws and the regulations of any governmental body or agency pertaining to the priority purchase, allocation and use of the materials.
 12. When requesting payment for such materials, the Contractor shall submit with the partial estimate duly authenticated documents of title, such as bills of sale, invoices or warehouse receipts, all in quadruplicate. The executed bills of sale shall transfer title to the materials from the Contractor to the City (in the event that the invoices state that the material has been purchased by a Subcontractor, bills of sale in quadruplicate will also be required transferring title to the materials from Subcontractor to the Contractor).
 13. Where the Contractor, with the approval of the Commissioner has purchased unusually large quantities of materials in order to assure their availability for the Work, the Commissioner at his option, may waive the requirements of paragraph "12" provided the Contractor furnishes evidence in the form of an affidavit of the Contractor in quadruplicate, and such other proof as the Commissioner may require, that he is the sole owner of such materials and has purchased them free and clear of all liens and other encumbrances. In such event, the Contractor shall pay for such materials and submit proof thereof, in the same manner as provided in paragraph "12" hereof, within seven (7) days after receipt of payment therefor from the Comptroller. Failure on the part of the Contractor to submit satisfactory evidence that he has paid in full for all such materials shall preclude him from payments under the Contract.
 14. The Contractor shall include in each succeeding partial estimate requisition a summary of materials stored which shall set forth the quantity and value of materials in storage, on or off the site, at the end of each preceding estimate period; the amount removed for incorporation in the Work; the quantity and value of materials delivered during the current period and the total value of materials on hand for which payment thereof will be included in the current payment estimate.
 15. Upon proof to the satisfaction of the Commissioner of the actual cost of such materials and upon submission of proper proof of title as required under paragraph "12" or "13" hereof, payment will be made therefore to the extent of 85%, provided however, that the cost so verified, established and approved shall not exceed the estimated cost of such materials included in the approved detailed breakdown estimate submitted in accordance with Article 42 of the Contract; if it does, the City will pay only 85% approved estimated cost.
 16. Upon the incorporation in the Work of any such materials, which have been paid for in advance of such incorporation in accordance with the foregoing provisions, payment will be made for such materials incorporated in the Work pursuant to Article 42 of the Contract, less any sums paid pursuant to paragraph "15" herein.
